Si ritiene che il generale Michael Flynn, ex consigliere per la sicurezza nazionale del presidente Donald Trump, sia il vero istigatore della pagina dell'annuncio del *Washington Times* del 1° dicembre 2020.

Si tratta di un appello di un gruppo dell'Ohio, We the People Convention, che invita il Presidente degli Stati Uniti a seguire l'esempio del suo più illustre predecessore, Abraham Lincoln.

Durante la guerra civile, Lincoln sospese la Costituzione degli Stati Uniti, promulgò la legge marziale, chiuse i giornali dell'opposizione e arrestò parlamentari e membri della Corte Suprema.

L'Ohio era uno stato del nord durante la guerra civile. Abraham Lincoln è considerato dai Democratici il miglior presidente della storia.

We the People Convention e il generale Michael Flynn chiedono al presidente Donald Trump di fare lo stesso: sospendere la Costituzione, proclamare la legge marziale, chiudere i giornali di opposizione e arrestare parlamentari e membri della Corte Suprema, infine affidare la organizzazione di nuove elezioni per le forze armate. È, secondo loro, l'unico modo per prevenire una guerra civile.

**WTPC Calls for President to Invoke Limited Martial Law to Hold New Election and Protect our Vote, in Full Page Washington Times Ad, if Legislators, Courts and Congress Do Not Follow the Constitution**

---

Akron, OH: Today, Tom Zawistowski, President of the TEA Party affiliated We the People Convention (WTPC) and Executive Director of the Portage County TEA Party, published a full page ad in the Washington Times newspaper demanding that President Trump Invoke limited Martial law in order to allow the U.S. Military to oversee a new free and fair federal election if Legislators, Courts and the Congress do not follow the Constitution.

Zawistowski said, "We wanted to express our concerns to the President, to the legislators, courts and Congress that We the People will NOT cede our exclusive Constitutional right to elect our Representatives to judges, lawyers, courts, Governors, Secretary's of State, Congress, corrupt election officials and local politicians, the corrupt media - or Leftist threats of violence! It is OUR EXCLUSIVE RIGHT to elect our

President and that sacred right has been infringed by the massive, planned, illegal election fraud conducted by corrupt Democrat/Socialist Party operatives across our nation to steal our vote. We will NOT stand for it."

The Ad compares the Extraordinary Executive actions implemented by President Abraham Lincoln in his efforts to save the Union during the Civil War and the literal civil war that is dividing our nation today. Without full confidence that our courts or Congress will indeed follow the 12th Amendment of the Constitution and defend our electoral process, the ad calls upon President Trump, like Lincoln, to exercise the Extraordinary Powers of his office and declare limited Martial Law to temporarily suspend the Constitution and civilian control of these federal elections in order to have the military implement a national re-vote that reflects the true will of the people. Federal candidates only. Paper ballots. No computers. Hand-counted with both parties watching every vote. Only registered voters. Photo ID to prove residence. Conducted safely with everyone wearing masks and six feet apart, just like we did in Ohio.

**Exercising Extraordinary Authority in Defense of Our Vote  
May be Required because Martial Law is better than Civil War!**

In the months following the start of the Civil War, President Abraham Lincoln struggled to preserve the Union. Many objected to Lincoln's extraordinary use of Presidential authority, in particular his suspension of the right of "Habeas Corpus". On June 12, 1863 Lincoln defended his extreme measures in a letter published in the New York Times. Citing Article I of the Constitution he argued: "Ours is a case of rebellion...in fact, a clear, flagrant, and gigantic case of rebellion; and the provision of the Constitution that 'the privilege of the writ of habeas corpus shall not be suspended, unless when, in cases of rebellion or invasion, the public safety may require it', is the provision which specifically applies to our present case." Lincoln used the same reasoning in justifying a series of extraordinary Presidential Orders:

- Lincoln ordered hundreds of Northern newspapers that spoke against him to be shut down and their owners and editors arrested.
- Lincoln ordered the arrest of Ohio Congressman Clement Vallandigham for the crime of speaking out against him.
- Chief Justice of the US Roger Taney ruled that Lincoln had violated the US Constitution when he illegally suspended the Writ of Habeas Corpus. After hearing this Lincoln signed an arrest warrant to have the Chief Justice of the U.S. arrested.

- Lincoln ordered the arrest of thousands in Maryland for the crime of “suspected Southern sympathies” including ordering the arrest of US Congressman Henry May from Maryland. These people were arrested and held in military prisons, without trial, some of them for years.

While some debate these measures still today, no one disagrees that Lincoln and his use of Presidential power were responsible for saving the Republic. While History, and even former President Obama, has judged Lincoln as perhaps our greatest President, few would have agreed at the time he took those actions. Then, as now, a President with courage and determination was needed to preserve the Union. Today, the current threat to our United States by the international and domestic socialist/communist left is much more serious than anything Lincoln or our nation has faced in its history - including the civil war.

We have well-funded, armed and trained marxists in ANTIFA and BLM strategically positioned in our major cities acting openly with violence to silence opposition to their anti-American agenda. Attacking federal buildings and police, cowardly punching innocent people in the back of the head, assaulting people just eating in restaurants, and burning minority-owned businesses to the ground. All with elected officials in Democrat/Socialist-controlled cities openly encouraging this planned violence against civilians and businesses. Then, to advance their cause, these socialists are acting to “Defund the Police,” creating chaos and suspending the rule of law that protects millions of average, and particularly minority, Americans. The results being massive increases in violent crime and deaths in our cities and the destruction of small businesses orchestrated by those politicians and leftist groups, many funded by domestic and international communists. We are literally under attack from within!

Then there are admitted Democrat/Socialist federal officials plotting to finish gutting the US Constitution after 100 years of trying. They promise to take away critical individual rights like free speech, religious freedom and the 2nd Amendment; destroy states rights by eliminating the electoral college and more; pack the Supreme Court with activist anti-constitutionalist judges who will make law from the bench; give the right to vote to tens of millions of non-Americans; and open our borders to more illegals which will reduce wages. No one voted for these things that were hidden from the majority of Americans by the corrupt media. Not only do we have corrupt media, like in Lincoln’s day, we have a new and more sinister form of media in Big Tech, actively censoring free speech and promoting leftist propaganda to blind our citizens to their real goals and the real consequences of their actions - the end of America as we have known it.

The Socialist Left has been openly working to destroy the United States since Obama promised and tried to “transform” America in 2008-16, and having been stopped by the will of the American people, they openly staged a four year long coup attempt to remove the duly elected President. Culminating in this corrupt and provably fraudulent current

election planned to illegally and un-constitutionally deny the American people their most sacred honor, right and privilege - which is the right to elect their Representatives! How can we have a Representative Republic if we cannot hold fair elections to elect our Representatives? There is no doubt that this attempted stealing of these elections again “is a case of rebellion...in fact, a clear, flagrant, and gigantic case of rebellion” that requires exercising extraordinary authority to preserve our Union.

President Trump, you and every other official in our local, state and federal governments, and everyone in law enforcement and in our military have sworn an oath that says “I will support and defend the Constitution of the United States against all enemies, foreign and domestic.” It is time for everyone who swore that oath to act upon it. The enemies are within our gates and our Constitution and Nation are in real risk of being lost to this socialist/communist invasion unless you act decisively.

At least half of all Americans do not and will not accept this fraudulent election because of the eyewitness testimony, and the material, statistical and mathematical evidence of OVERWHELMING fraud. The other half will not accept the outcome if the courts see the evidence of fraud and rightfully overturn the election! The Left has literally been planning riots just for that occasion for months. We the People must not and WILL NOT cede our exclusive Constitutional right to elect our Representatives to judges, lawyers, courts, Governors, Secretary’s of State, Congress, corrupt election officials and local politicians, the corrupt media - or Leftist threats of violence! It is OUR EXCLUSIVE RIGHT to decide our Representatives not theirs! Therefore, We the People MUST demand a NEW and fair national vote, a vote that all Americans can trust and live by regardless of the winner! Without a fair vote, we fear, with good reason, the threat of a shooting civil war is imminent. Gun sales are at an all time high and 40% are first time gun owners looking to defend themselves, their property, and their rights. Therefore, Mr. President you must act now before there is no peaceful way left to preserve our Union.

When the legislators, courts and/or Congress fail to do their duty under the 12th Amendment, you must be ready Mr. President to immediately declare a limited form of Martial Law, and temporarily suspend the Constitution and civilian control of these federal elections, for the sole purpose of having the military oversee a national re-vote. A vote that assures a fair election in every jurisdiction and reflects the true will of the people. Federal candidates only. Paper ballots. No computers. Hand-counted with both parties watching every vote. Only registered voters. Photo ID to prove residence. Conducted safely with everyone wearing masks and six feet apart, just like we did in Ohio. Only then can the winning candidate be accepted as legitimate by a true majority of We the People who must give our consent to be justly governed! Unfortunately we are at a point where we can only trust our military to do this because our corrupt political class and courts have proven their inability to act fairly and within the law.

You must also act, like Lincoln did, to silence the destructive media’s one-sided propaganda designed and proven to influence the election outcome, and end the unlawful censorship of Big Tech, to restore the confidence of the American People in our

electoral process or we cannot continue as a nation. Failure to do so could result in massive violence and destruction on a level not seen since the Civil War. Limited Martial Law is clearly a better option than Civil War!

Many will object to these actions, as they did in Lincoln's day, but we assure you that We the People understand that no less action will suffice to prevent the loss of our Constitutional right to vote and preserve our Republic. It is time to honor your oath, Mr. President. It is time for you to boldly act to save our nation as Lincoln did. We the People will support a national re-vote. We will also have no other choice but to take matters into our own hands, and defend our rights on our own, if you do not act within your powers to defend us.
