I negoziati a Doha che coinvolgono Stati Uniti, Israele, Hamas, Egitto e Qatar mi ricordano la domanda di Frank Sinatra "È un terremoto o solo uno shock?, è una buona zuppa di tartaruga o solo una farsa?" Data la storia delle varie proposte di pace mediorientali di un tipo o dell'altro che hanno brevemente alzato la testa solo per morire ingloriosamente, sarebbe forse saggio considerare l'ultimo cessate il fuoco Israele-Gaza, originariamente previsto per domenica, come un work in progress, come la zuppa di Sinatra. E forse nemmeno realmente in progress a causa di probabili programmi nascosti e intese che potrebbero andare contro ciò che viene messo su carta. Sto pensando in particolare ai possibili impegni con Israele da parte degli Stati Uniti che daranno al Primo Ministro Benjamin Netanyahu opzioni che gli consentiranno di riprendere le ostilità citando le violazioni di Hamas dei dettagli nei termini del cessate il fuoco, che si siano effettivamente verificati o meno. È così che si è giocato di recente con il Libano e la Siria, dove Israele ha manipolato la situazione a proprio vantaggio, presumibilmente con la piena connivenza del presidente Joe Biden e della sua banda di tagliagole. È interessante notare che sia Genocide Joe Biden che Donald Trump si stanno prendendo il merito del cessate il fuoco, che è stato ritardato e inizialmente non è stato completamente accettato da Israele a causa di presunti "dettagli". "Hamas sta tirandosi indietro dagli accordi e sta creando una crisi dell'ultimo minuto che impedisce un accordo", ha affermato giovedì l'ufficio di Netanyahu, aggiungendo che il gabinetto del governo non si sarebbe riunito per votare sulla questione finché Hamas non si fosse tirato indietro sulle "nuove richieste", accusando il gruppo militante di rinnegare parti

dell'accordo nel tentativo di ottenere ulteriori concessioni. Fonti in Israele indicano che la disputa riguarda il "corridoio di sicurezza" di Philadelphia, dove Israele vuole mantenere una presenza militare, e i dettagli sullo scambio di ostaggi. Alcune delle questioni sarebbero state risolte venerdì mattina, quando il gabinetto di sicurezza israeliano ha approvato il cessate il fuoco.

Ma continuano a esserci preoccupazioni su cosa accadrà realmente. Chris Hedges osserva che Israele non ha mai pienamente implementato alcun accordo stipulato con i palestinesi. Tuttavia, qualunque cosa accada alla fine, è chiaro che Joe Biden, che ha effettivamente collaborato con gli israeliani e ha permesso loro di massacrare fino a 80.000 palestinesi, non ha avuto nulla a che fare con la mossa vincente verso un possibile accordo di cessate il fuoco, né ha mai avuto il coraggio di affrontare gli israeliani per costringerli a moderare il loro comportamento. È stato chiaramente Donald Trump a inviare il suo capo negoziatore per il Medio Oriente Steve Witkoff, lui stesso ebreo e sionista convinto, in missione per fare un discorso diretto a Netanyahu sulle sue opzioni con la nuova amministrazione in arrivo lunedì. Sembrerebbe che Trump desideri davvero porre fine alla crisi su Gaza e ci sono numerose segnalazioni che ha inviato segnali a Netanyahu suggerendo che c'è un nuovo sceriffo in città e che Gaza è sia una distrazione da problemi più grandi come l'Iran e i BRICS, sia una cattiva politica e un enorme problema di pubbliche relazioni per gli Stati Uniti e Israele se si permette al conflitto di continuare. Uno dei segnali è stato, notoriamente, un video in cui il professore della Columbia Jeffrey Sachs parlava male di Bibi, dicendo "Netanyahu aveva dal 1995 in poi la teoria che l'unico modo per sbarazzarci di Hamas e Hezbollah è rovesciare i governi che li sostengono. Cioè Iraq, Siria, Libano e Iran. E il tizio non è niente se non ossessivo. E sta ancora cercando di farci combattere contro l'Iran oggi, questa settimana. È un figlio di puttana profondamente oscuro, mi dispiace dirtelo. Perché ci ha trascinati in guerre infinite e, grazie al potere di tutto questo nella politica statunitense, ha ottenuto ciò che voleva". Il video è stato pubblicato sul sito web di social media di Trump, Truth Social. Inoltre, l'avvertimento di Trump che gli ostaggi a Gaza avrebbero dovuto essere rilasciati entro la data dell'insediamento o "si sarebbe scatenato l'inferno" potrebbe essere stata una richiesta a Netanyahu di fare qualcosa oltre a essere una minaccia per Hamas. Preferisco credere che Witkoff abbia offerto a Netanyahu un bastone e una carota. Il primo ministro è in grossi guai con la sua stessa coalizione di governo, in particolare con le fazioni guidate da Itamar Ben Gvir e Bezalel Smotrich, che rifiutano qualsiasi cessate il fuoco finché Hamas non sarà completamente distrutto, ma ora sembra che anche se si dimettessero dal governo non sceglierebbero di far cadere Netanyahu. Un incentivo di Trump sembra essere quello di ribaltare la decisione di Biden di sanzionare i coloni israeliani di destra in Cisgiordania che stanno usando la violenza per molestare i palestinesi nei loro villaggi rimanenti e nelle loro fattorie. È stato anche suggerito che gli Stati Uniti potrebbero guardare dall'altra parte se Gaza stessa potesse essere reinsediata con coloni ebrei israeliani, eliminando qualsiasi ritorno a casa per i cittadini di Gaza. Convincere il movimento dei coloni a rimanere positivamente impegnato con ciò che sta per accadere potrebbe essere cruciale per la sopravvivenza di Netanyahu. Per convincere i coloni a cambiare idea, sono stati anche invitati da alti funzionari del Partito Repubblicano a partecipare all'insediamento di Trump lunedì. I coloni parteciperanno anche alla prima sessione del neo-costituito "Friends of Judea and Samaria Caucus" nel

Congresso degli Stati Uniti. Giudea e Samaria sono i nomi biblici preferiti da Israele per la Cisgiordania, il che indica che i repubblicani sono favorevoli allo sradicamento da parte dello stato ebraico sia dei palestinesi che persino del nome stesso della Palestina. Ancora più importante in termini di ciò che sta accadendo sul campo, il canale di notizie israeliano *ynet* sta riportando che "il presidente Trump, secondo una fonte a conoscenza dei dettagli, ha già promesso a Netanyahu e al ministro Ron Dermer che se accetteranno un cessate il fuoco e il ritiro delle forze dell'IDF dalla Striscia di Gaza, sosterrà Israele retroattivamente se deciderà di tornare a combattere e violare il cessate il fuoco". In alternativa, Israele potrebbe scegliere di riprendere i combattimenti dopo la fine del periodo iniziale di tregua di sei settimane, facendolo apparire in piena conformità con il cessate il fuoco. Possono giocare in entrambi i modi e potrebbero persino avere un impegno da Washington per far avanzare i preparativi per un'azione militare congiunta contro l'Iran.

Come terzo incentivo per Israele, l'amministrazione Trump avrebbe accettato di rimuovere le sanzioni commerciali degli Stati Uniti avviate a novembre 2021 sulla società di spionaggio israeliana NSO Group e sul suo spyware Pegasus "maliziosamente bersaglio" che "è stato utilizzato per hackerare funzionari del governo degli Stati Uniti e altri politici di alto livello, attivisti per la pace e i diritti umani, avvocati internazionali, giornalisti e altro ancora, e che si dice abbia svolto un ruolo chiave nell'omicidio del giornalista Jamal Khashoggi da parte dell'Arabia Saudita". I funzionari

dell'amministrazione Biden hanno affermato all'epoca che la mossa rappresenta la prima volta che il Dipartimento del Tesoro ha sanzionato persone o entità per l'uso improprio di spyware. Il software "consente a un utente di infiltrarsi nei dispositivi elettronici tramite attacchi zero-click che non richiedono alcuna interazione da parte dell'utente o l'apertura del virus affinché lo spyware infetti il dispositivo. Lo spyware, che è stato utilizzato in decine di paesi, ha consentito l'estrazione non autorizzata di dati, il tracciamento della geolocalizzazione e l'accesso a informazioni personali su dispositivi compromessi".

Un elenco di 50.000 numeri di telefono di interesse per i clienti del software NSO 'Pegasus' è trapelato ed è stato pubblicato in Francia. I fondatori di NSO erano membri dell'Unità 8200 di sorveglianza elettronica top secret dell'esercito israeliano e si ritiene che NSO sia attualmente una facciata per l'esercito israeliano e il Mossad. Secondo ex informatori dell'8200, i membri dell'unità erano soliti contrassegnare con una 'X' le loro cuffie per ogni assassinio che la loro sorveglianza aveva abilitato.

Un rapporto di Amnesty International e anche un'indagine del *Washington Post* e di altri 16 gruppi mediatici hanno rivelato che i clienti che utilizzano lo spyware di livello militare "Pegasus" di NSO includono molti governi noti per condurre attività di sorveglianza sui propri cittadini. NSO sostiene che Pegasus viene utilizzato solo da agenzie legittime per spiare "terroristi e criminali seri", ma l'elenco trapelato "include un numero di giornalisti, attivisti per i diritti umani, capi di stato, reali, primi ministri e la fidanzata del giornalista saudita assassinato Jamal Khashoggi, così come del giornalista messicano assassinato Cecilio Pineda Birto".

L'indagine del *Post*, intitolata *Progetto Pegasus*, ha identificato e verificato i nomi di diversi membri della famiglia reale araba, 64 dirigenti aziendali, 85 attivisti per i diritti umani e oltre 600 politici e funzionari governativi. Secondo il *Washington Post*, il software è stato utilizzato in molteplici "tentativi e riusciti attacchi informatici". Il *Post* è stato

particolarmente sensibile alla minaccia poiché 189 giornalisti erano sulla lista. In termini pratici, la "legalizzazione" di Pegasus significa che l'FBI e la NSA saranno in grado di usarlo per aumentare il loro spionaggio sui cittadini americani, il che significherà una ricerca di critici della politica estera degli Stati Uniti, e non ci si sorprenderebbe di vederlo impiegato per sradicare i critici di Israele, il che sarà considerato antisemitismo, sempre più visto come un crimine importante dalle amministrazioni statunitensi.

La liberazione di Pegasus è un grosso problema in quanto è una fonte di guadagno importante e di intelligence di alto livello per il governo israeliano e i suoi servizi di sicurezza. Se il mio istinto su questo è corretto, Israele stringerà un patto il più duro possibile sul cessate il fuoco, creando condizioni o interpretazioni che gli consentiranno di tirarsi indietro e riprendere le operazioni militari dopo aver rivendicato violazioni mitiche da parte di Hamas. Sarà in grado di riprendere le ostilità ottenendo comunque il rilascio di alcuni dei suoi ostaggi, il che rappresenterebbe una spinta per il governo Netanyahu. Trump eviterà di esporre la falsa bandiera israeliana dopo aver affermato di essere un pacificatore e responsabile. L'abbraccio non sanzionario e del Congresso ai coloni israeliani aiuterà anche Netanyahu politicamente. È interessante notare che i media israeliani e il suo pubblico hanno reagito negativamente alla notizia che un cessate il fuoco è imminente, sostenendo che si tratta di una "sconfitta". In realtà, Israele potrebbe, come sempre, essere il vincitore in ciò che sta accadendo, senza una vera e propria resistenza da parte di Washington. Quando si tratta di trattare con Israele, Trump potrebbe parlare duro ma potrebbe finire per seguire la stessa strada di Joe Biden. Quindi ci sarà un vero cessate il fuoco? Forse no.

Che questo "cessate il fuoco" tenga o meno non cambierà la politica israeliana di lunga data di liberare la Palestina dai palestinesi. Hanno ucciso decine di migliaia di persone a Gaza e ora probabilmente raddoppieranno i loro sforzi per uccidere o espellere i "nativi" in Cisgiordania (il Congresso, BTW, si sta muovendo per rendere l'uso del termine "Cisgiordania" verbohten.)

[Bibi è] "un figlio di puttana profondamente oscuro, mi dispiace dirtelo. Perché ci ha trascinati in guerre infinite, e grazie al potere di tutto questo nella politica statunitense, ha ottenuto ciò che voleva". Vero, ma non differisce molto da altri leader e funzionari israeliani come Shamir e Begin, solo che il suo inglese è migliore.

Il sionismo è una filosofia politica oscura, maligna e profondamente razzista, dal cui incantesimo gli USA sembrano incapaci di sfuggire. E non prevedo grandi cambiamenti nei prossimi quattro anni.

| ... enabled the Israelis to slaughter as many as 80,000 Palestinians, ...

Try tripling that figure, then add 10%.

466 days x 100 tons bomb equivalent per day x 1 casualty per 200 pounds of ordnance = 466,000 casualties, with perhaps 40% resulting in death = 180,000+ as likely estimate of fatalities from direct and indirect fire.

466 days x 20 civilian deaths per day due to malnutrition starvation disease and displacement as well as other ancillary causes = 9,000 additional deaths.

466 days x at least 100 persons per day still missing, buried under rubble or completely unidentifiable = 46,000+ added likely deaths.

466 days x probably 2 or 3 suicides per day from grieving parents... add another 1,000+.

Everything Israel does is a scam ultimately. The problem is we will never get accurate information about what is actually being done through the agreement and what it really means. And if we do find out it will be much later and the information will be worthless. Bottom line, Israel is never going to fulfill any agreement that causes any sacrifice on their part.

@USA invades Israel

| What would it take for the average U.S. citizen to stop funding israel?

Decades of truthful information that would effectively deprogram Americans who believe Israel is our friend and that it is tied into Christianity as something we must protect in order to receive a blessing from God. That truthful information must include the reality that Israel is actually an enemy of Christ and His church.

Also, removal of a corrupt government that gives Israel more priority than US citizens.

We won't know what Trump will do until he's settled in. Zionism is exclusive and expansionist with no room for anyone else, certainly not for native Arabs who happen to live there. Israel will get its hostages back, the Palestinians will get their prisoners back, then Israel will find a pretext to squeeze and terrorize the Palestinians some more. The long term goal is to have an expanded and ethnically cleansed state. This has been obvious for a very long time. They get their chance they'll move the pieces further. The key all along has been the US which has generously supplied and financed them to the hilt. US Congress is a big whorehouse whose members are all paid off so there's not much hope there. Gaza appears to be pulverized with staggering death and disfigurement tolls so reconstituting it might be problematic. They've been mooching off of us for all these years.

I've linked to this *Ha'aretz* article in two other threads on the matter:

**Analysis | Netanyahu Just Agreed to a Hostage Deal With Hamas. But It's Not the Deal He's Selling His Supporters**

There are two versions of the cease-fire and hostage release deal that Israel and Hamas have just agreed to. One version is the official document, which is almost identical to leaked drafts from previous rounds of negotiations. The second version is the deal as described by the office of Prime Minister Benjamin Netanyahu and his loyalists in the Israeli and U.S. media.

The gaps between these two versions represent an attempt by Netanyahu to erase a disturbing truth about this deal – that it could have been reached months ago, when some hostages who were killed or murdered over the summer were still alive. But it also tells us something worse: that even after the cease-fire deal comes into effect, Netanyahu could try to sabotage its second phase to renew the war.

*Times of Israel's* Haviv Rettig Gur advances the latter version to explain how Netanyahu is concocting a ruse that inevitably leads to resumption of genocide:

**With hostage deal, Netanyahu is going all in on Trump**

Netanyahu will almost certainly sign the deal. Hamas will too. Netanyahu will eat a lot of political crow, especially from his rightist base. Hamas will declare victory and parade through the streets of Gaza.

Trump has already taken credit, and Netanyahu will continue to credit him.

And Hamas will play by the rules as well as it possibly can.

And in the meantime, Israel will work ferociously to build out the kind of intelligence infiltration in Gaza that it possessed in Lebanon. It will spend the ceasefire preparing the offensive Netanyahu seems to believe will be permitted him at the end of phase 1.

If this is indeed Netanyahu's calculation, then the deal he will soon sign is a reasonable gambit and a serious strategy.

Of course, like every Zionist, he has to include the ubiquitous 'when Hamas breaks the terms' clause to provide paper-thin deniability.

hamas like hezbollah, are no dummies, they know israel will violate the treaty but will use the time to rebuild and allow much needed aid into gaza. what is not really reported is the resurgence of hamas, who have killed 9 idf soldiers in the week leading up to the ceasefire.

<https://southfront.press/israeli-army-takes-in-more-losses-in-gaza-as-ceasefire-nears/>

how has hamas been able to continue the resistance for 16 months under siege conditions? there must be some way left of bringing in arms and ammunition, or they have a huge stock pile left. either way the israelis haven't figured it out, in over a year and it shows you how clueless and hubristic they were, walking into this beautifully designed trap, illustrating the genius of soleimani.

these arrogant fools have now walked into yet another trap in syria, not only are they incapable of holding honoring a ceasefire agreement, they are totally incapable of learning from their own stupid mistakes.

will they be stupid enough to beat on the ultimate hornets nest?

Nobody knows the number. Hamas ceased being able to keep reliable records a good year ago.

Assuming someone is actually interested in the truth, if Israel ever actually stops killing it should be possible to survey a sample of the population, identify unique deaths, come up with a percentage, and extrapolate to the entire population.

I won’t hazard more than a very rough guess at this point. More than sixty thousand; less than two hundred thousand. Probably towards the low end, to be frank: people are astonishingly hard to kill.

Yes on one and two, no on three. Israel knew it was coming, and let it happen, indeed, provoked it — but the motive was to find a way out of their domestic political crisis. This has happened before. Domestic political crisis – Palestinian attack – all good Jews forget their quarrels and man the ramparts.

Problem was that this time Hamas overperformed. They were supposed to kill four or five, maybe a score; not *hundreds*.

The Jews go apeshit.

There is a lot of stupid talk that the USA might attack and bomb Iran directly, in order to obey ZOG Inc. That is not likely.

Russia and Iran have just signed a mutual defense and deepen economic ties. Russia will be supplying Iran with hypersonic missiles, from which Iran and the Houthis can sink an American aircraft carrier, deliver a mortal blow to Israel, and easily block the Straits of Hormuz, thus collapsing the World economy.

The following gives an excellent presentation of the relevant factors and multiplicity of vectors in direction and magnitude that change constantly, sometimes additive and/or subtractive.

Curiously, the more the situation becomes capricious and counteracting and contradictory, the more certain opinions seems to form. This follows a psychological pattern of regression in the face of, in the prospect of uncertainty. People in increasingly unreadable situations fall back into a defensive cognitive and psychological defensive bias mode.

*A cognitive bias is a systematic pattern of deviation from norm or rationality in judgment. Individuals create their own “subjective reality” from their perception of the input. An individual’s construction of reality, not the objective input, may dictate their behavior in the world.*

Humans love fascism, slavery and oppression. I was reading in a book by Michael Foucault and Guiles Deleuze, that people supported tyranny and fascism in Germany. And Edgar Allan Poe said that humans prefer to praise and support rich famous people than average joes and janes. That's why most US voters voted for Donald Trump instead of voting for lesser wealthy politicians like Jill Stein.

This is why i think that we need a brand new political movement, a Patriotic Christian Board of Salvation hiring important famous celebrities like Tom Cruise and George Clooney, (i am a realist) this is the only way people would support this salvation party.

All those humble utopian parties like The Socialist Equality Party, Green Party, Workers world party, Party of socialism and liberation have a totally wrong anti-scientific, anti-power strategy they are also too perfectionists and too sectarian. Perfectionism, legalism, moralism, sectarianism are the main impediments for an alternative to the evil jewish Democrats-Republicans that have been giving all the wealth of US workers to the jewish capitalists and to Israel jew state

How stupid people are, how anti-wealth people are, Jill Stein promoted to support Palestine and not Israel and to raise the minimum wage to 25 dollars per hour. While the Republican Party's new government will keep the minimum wage at 7 dollars per hour.

My brain and conscience is clean, i am not part of the tyranny of the stupid majority. In fact i think elections should be totally banned and instead we need another system of choosing the best administrators of USA, because something has to give.

‘Twenty-nine percent of non-voters who supported Biden in 2020 said U.S. support for the genocide was the top reason they sat the 2024 election’

If so, that's going to make some Democrats hedge their bets. It's not going to do the dead much good, but Israel's rampage in Gaza may turn out to have been a decisive defeat for her.

We live in a world governed beyond the imagination of organized violence. The most powerful country in the world—at least that is what its leaders think—unashamedly conspiring with a terrorist entity of Jews called “Israel” against hapless/unarmed Palestinian women and children, and with the rest of the world turning a blind eye to complicity.

Back in July 2024, a report in the British Medical Journal The Lancet estimated that at least 186,000 additional deaths were caused by the Jews’ indiscriminate destruction of Palestinian homes, schools, and shelters, leading to the decimation of over 8% of the Gaza population. Recent estimates show the death toll from the genocide in Gaza was most likely undercounted by 41% in the first nine months of Jewish terror. According to the Euro-Med Human Rights Monitor, it estimates that total bomb tonnages of at least 75,000 dropped in the first year. Using US-made fighter jets and destructive munitions, including the enormous 2,000-pound MK-84 bombs and European-supplied munitions, the Jews are committing barbaric war crimes against unarmed civilians in densely populated areas. There was clear evidence that the scale of the destruction in Gaza was beyond the World War II bombings of Hamburg, Cologne, and Dresden. The study has been blocked by the global (Western) media, including the Russian media. It is encouraging to hear people have started to call the Jews by their real names: psychopaths, child killers, and armed rapists.

American, british and israeli have always been pathetic soldiers, but they are good at mass murdering women, children and elderly, running terrorist organizations and drug trade of the world. If you legally hit american and british, they run away with tail between their legs. They are total cowards and losers, when confronted in direct wars and conflicts. Trump achieves domestic and foreign political mediatic success, Israel too by freeing some hostages, and also gives the army, which is also engaged in Lebanon and Syria and also in the West Bank, a chance to breathe. The Palestinians who return to the North go to a place where there is only rubble, they have blown up everything, from aqueducts to power plants, to gas pipes, destroyed every office, hospital, church, shop, mined the fields and killed according to a precise and accurate plan especially people who are indispensable for a society, doctors, teachers, technicians etc... Therefore the moment they take it back a few carpet bombings will be enough to terrorize the civilians and push them back to the South. The celebrations and the screams of joy for the victory of the resistance seen in Gaza and the comments of the "alt-media" on the defeat of Israel are tragicomic. Finally, for the thousand-odd prisoners they free in Gaza, they can incarcerate just as many in the West Bank at will.

Netanyahu gave billions of dollars to Hamas in untraceable cash in the backs of cars right up to Oct 7 2023.

Why would he do that for a group that opposed him? Why cash?

Who in Hamas got that money and what did they agree to do for it?

We are talking about the criminal Netanyahu with international warrants for his arrest for his crimes against humanity in Gaza.

The whole world is being lied to over and over again. October 7 was planned funded and executed by Israel as nothing more than excuse to invade and flatten Gaza in a holocaust.

Netanyahu's "final solution".

We are living in surreal times.

It should be inconceivable that anyone would consider that Israel, committing genocide with international warrant for its leaders arrest, would be allowed to continue ruling Palestinians anywhere anymore.

Especially nations that are signatories to the UN genocide convention.

If we allow our governments to support genocide anywhere, it's only a matter of time until it suits them to commit genocide on our soil.

How would you react then? With as much true grit as Palestinians never giving up after 77 years of Israeli terrorism and apartheid? You wish!

You can have this piece of land. You guys can have this piece of land. We will draw a border here, here and here."

People are so stupid that because of this American and British imperialism, there's still these endless wars, conflicts and problems, because American and British keep pushing their views and opinions down to everybody's throat, which keeps causing more and more problems. American and British pretend and act as if they and only they know everything and that they know better than everybody else, so you keep ending with these same problems and conflicts, because American and British really know nothing at all. Amazing stuff. The NBC videos are AI generated with the logo and printing already in place, suggesting NBC is complicit in conspiracy to commit genocide. The fellow Max Igan interviews catches the glitches in endless places, such as the figure of interest, whether it's a person or vehicle, dragging the background with it; all the cars at the rave white, gray, or black, no colors at all; objects moving like jello at slow motion and one man's head even lifting right off his body before reattaching itself. These are just a few examples of glitches that supposedly could not occur with compression or be attributed to the limits of real videos. But, the best is just after 59 minutes where a girl being interviewed has her left elbow stitched on backwards, and it even articulates in the wrong direction. Happens all the time, at least on NBC News. I'll be sure to tune into NBC the next time I want some more totally faked news. The fakest part of all, however, is the feigned sincerity of the NBC anchor, that pompous ass Lester Holt.

**Monday, September 10, 2001**

An elite U.S. Army study center has devised a plan for enforcing a major Israeli-Palestinian peace accord that would require about 20,000 well-armed troops stationed throughout Israel and a newly created Palestinian state.

There are no plans by the Bush administration to put American soldiers into the Middle East to police an agreement forged by the longtime warring parties. In fact, Defense Secretary Donald H. Rumsfeld is searching for ways to reduce U.S. peacekeeping efforts abroad, rather than increasing such missions.

But a 68-page paper by the Army School of Advanced Military Studies (SAMS) does provide a look at the daunting task any international peacekeeping force would face if the United Nations authorized it, and Israel and the Palestinians ever reached a peace agreement.

Located at Fort Leavenworth, Kan., the School for Advanced Military Studies is both a training ground and a think tank for some of the Army's brightest officers. Officials say the Army chief of staff, and sometimes the Joint Chiefs of Staff, ask SAMS to develop contingency plans for future military operations. During the 1991 Persian Gulf war, SAMS personnel helped plan the coalition ground attack that avoided a strike up the middle of Iraqi positions and instead executed a "left hook" that routed the enemy in 100 hours.

The cover page for the recent SAMS project said it was done for the Joint Chiefs of Staff. But Maj. Chris Garver, a Fort Leavenworth spokesman, said the study was not requested by Washington.

"This was just an academic exercise," said Maj. Garver. "They were trying to take a current situation and get some training out of it."

The exercise was done by 60 officers dubbed "Jedi Knights," as all second-year SAMS students are nicknamed.

The SAMS paper attempts to predict events in the first year of a peace-enforcement operation, and sees possible dangers for U.S. troops from both sides.

It calls Israel's armed forces a "500-pound gorilla in Israel. Well armed and trained. Operates in both Gaza . Known to disregard international law to accomplish mission. Very unlikely to fire on American forces. Fratricide a concern especially in air space management."

*Of the Mossad*, the Israeli intelligence service, the SAMS officers say:

**"Wildcard. Ruthless and cunning. Has capability to target U.S. forces and make it look like a Palestinian/Arab act."**

On the Palestinian side, the paper describes their youth as “loose cannons; under no control, sometimes violent.” The study lists five Arab terrorist groups that could target American troops for assassination and hostage-taking.

The study recommends “neutrality in word and deed” as one way to protect U.S. soldiers from any attack. It also says Syria, Egypt and Jordan must be warned “we will act decisively in response to external attack.”

It is unlikely either of the three would mount an attack. Of Syria’s military, the report says: “Syrian army quantitatively larger than Israeli Defense Forces, but largely seen as qualitatively inferior. More likely, however, Syrians would provide financial and political support to the Palestinians, as well as increase covert support to terrorism acts through Lebanon.”

Of Egypt’s military, the paper says, “Egyptians also maintain a large army but have little to gain by attacking Israel.”

The plan does not specify a full order of battle. An Army source who reviewed the SAMS work said each of a possible three brigades would require about 100 Bradley fighting vehicles, 25 tanks, 12 self-propelled howitzers, Apache attack helicopters, Kiowa Warrior reconnaissance helicopters and Predator spy drones.

The report predicts that nonlethal weapons would be used to quell unrest.

U.S. European Command, which is headed by NATO’s supreme allied commander, would oversee the peacekeeping operation. Commanders would maintain areas of operation, or AOs, around Nablus, Jerusalem, Hebron and the Gaza strip.

The study sets out a list of goals for U.S. troops to accomplish in the first 30 days. They include: “create conditions for development of Palestinian State and security of “; ensure “equal distribution of contract value or equivalent aid” that would help legitimize the peacekeeping force and stimulate economic growth; “promote U.S. investment in Palestine”; “encourage reconciliation between entities based on acceptance of new national identities”; and “build lasting relationship based on new legal borders and not religious-territorial claims.”

Maj. Garver said the officers who completed the exercise will hold major planning jobs once they graduate. “There is an application process” for students, he said. “They screen their records, and there are several tests they go through before they are accepted by the program. The bright planners of the future come out of this program.”

James Phillips, a Middle East analyst at the Heritage Foundation, said it would be a mistake to put peacekeepers in Israel, given the “poor record of previous monitors.”

“In general, the Bush administration policy is to discourage a large American presence,” he said. “But it has been rumored that one of the possibilities might be an expanded CIA role.”

“It would be a very different environment than Bosnia,” said Mr. Phillips, referring to America’s six-year peacekeeping role in Bosnia-Herzegovina. “The Palestinian Authority is pushing for this as part of its strategy to internationalize the conflict. Bring in the Europeans and Russia and China. But such monitors or peacekeeping forces are not going to be able to bring peace. Only a decision by the Palestinians to stop the violence and restart talks could possibly do that.”

Every atrocity Israel commits in Palestine the global Zionist cabal will do to you in your nation. Why wouldn't they. Our governments obviously support genocide.

If they can divide us sufficiently with propaganda inciting our most extreme emotions with lies to vilify one group against another, how many of you will behave like Israelis are today?

How did you feel about Palestinians on October 8? Look what has occurred. Now over a year later you realize that October 7 was coordinated by Israel.

You and your ancestors have been brainwashed by this cabal for over 100 years to support them. Their power grows with the help of greedy corrupt traitors who worship the deep pockets of their satanic Zionist gods.

You're still brainwashed if you see Jews and Israel as the only problem. The successful strategy isn't to focus on only one head of the hydra, hoping that cutting off that one head will defeat it, but to identify its real weakness and develop a plan that defeats the whole beast.

In typical fashion the strength of the beast is also its weakness, LYING.

In short, developing the plan to defeat the global Zionist cabal and reset the entire world into the right path is to develop and execute a plan that defeats LYING.

Criminalize lying and as punishment remove liars from power.

Only then we'll be in control of our future instead of oblivious passengers on a train wreck.

Understand who they truly are

Ibn Al-Qayyim رحمه الله describing the Jews. He said:

“The nation upon whom is the Divine wrath are the Jews, the people of lies, slander, betrayal, conspiracy and trickery, the killers of Prophets and consumers of ribaa (usury) and bribes. They have the most evil hearts of all nations, and the worst attitude. They are the farthest removed from (divine) Mercy and the closest to (divine) wrath. Their way is enmity and stirring up hatred. They represent the house of witchcraft, lies and trickery.

They do not see anything wrong in rejecting and disbelieving in Prophets whom they did not like. With regard to a believer, they respect not the ties, either of kinship or of covenant [cf. Quran 9:10].

They do not respect the rights of those who agree with them, or show any compassion towards them, nor do they show any justice or fairness to those who work with them. There is no safety or security for those who mix with them, and there is no sincerity towards those who use their services. The most evil of them is the one who is most intelligent, and the cleverest one among them is the one who cheats the most. The one who is good at heart – which it is unlikely to find among them – is not a Jew in any real sense. They are the most bad-tempered of people, with the gloomiest houses and the filthiest courtyards. They have very bad manners – their greeting is a curse, and meeting them is bad news. Their slogan is wrath and they are filled with hatred.”

[Hidaayat al-Hayaaraa, p. 8]

These are just a few drops from a flood of information. Whoever researches the matter will find out a great deal about their shameful actions and the forms that their kufr and deviation take. We ask Allaah to suppress them, humiliate them, put them to shame and defeat them, and to grant the Muslims victory over them sooner rather than later. May Allaah bless our Prophet Muhammad .

I have always said the downfall of the west will be because of the jews regime because they are very treacherous people and do not care about anyone except themselves and will ruin others for their own gain. These people have betrayed people for centuries and still doing it to this day.

As long as Osrael is in control of Gaza they will do everything in their power to conceal and destroy the evidence of their genocide.

When will reporters be let back in and how will they be coerced?

With this genocide Israel has demonstrated that they cannot govern Palestinians.

Netanyahu needs to swing on the gallows.

FDR AND PROJECT “M”

THE TIME WHEN THE USA DID NOT KNEEL BEFORE ISRAEL  
OR THE UNKNOWN FACE OF FRANKLIN DELANO ROOSEVELT

The anti-Jewish policy of one of the greatest American presidents

That the USA is today destroyed and brought to its knees by Israel is well known. Just as it is well known that every American president since Lyndon Johnson has had to kneel and has kneeled before Israel. And yet, more than 70 years ago, things were different. That was during the time of Franklin Delano Roosevelt. During the time called in the USA as the “Greatest Generation” (approximately the period of the 1930s and 1940s). During those times, not the USA, and not even the American president, kneeled before Israel. Quite the contrary – there is, despite the powerful Jewish influence in the USA, a sovereign American government in relation to the nation of Israel. The Jews are powerful in the USA, but not a privileged ruling class and masters of the USA.

FDR was president at that time. There is a widespread rumor that FDR was a “Jewish puppet”. This rumor persists to a large extent to this day. Many will therefore be surprised by FDR’s stance on the Jews. So what was FDR’s stance on the Jewish question?

1. In 1923, as a member of the Harvard’s Board of Overseers, Roosevelt began to worry that “a third of the entering class at Harvard were Jews.” He helped establish quotas that limited the number of Jews admitted to Harvard to 15 percent of each class. Roosevelt was proud of this move in later years, even boasting about it to his Jewish Treasury Secretary, Henry Morgenthau, in 1941.

2. In 1936, he characterized the New York Times publisher's tax maneuver as a "dirty Jewish trick."
3. In 1938, FDR privately told Rabbi Stephen S. Wise, the most prominent American Jewish leader of the time, that Jews in Poland controlled the economy and were responsible for provoking anti-Semitism there.
4. In 1939, Roosevelt expressed his pride to a U.S. senator that "there is no Jewish blood in our veins." In other words, he was boasting that he had no Jewish blood in his veins.
5. In 1940, he dismissed pleas for Jewish refugees as "Jewish wailing" and "sob stuff."
6. In 1941, President Roosevelt remarked at a cabinet meeting that there were too many Jews among federal employees in Oregon.
7. In 1943, he called for a reduction in Jewish influence in the professions (law, medicine, etc.) in North Africa.
8. FDR explained that his plan would eliminate specific and understandable grievances that Germans had against Jews in Germany, namely that although they represented a small portion of the population, over fifty percent of the lawyers, doctors, teachers, and college professors (etc.) in Germany were Jewish.
9. Opponent of the establishment of the State of Israel. His plan after World War II was to disperse Jews throughout the world so that they could form as little of a homogeneous community as possible and Jewish influence would be limited as much as possible.
10. He believed that Jews were overcrowded in many professions and exercised undue influence. And that they could not be trusted, would never become fully loyal Americans, and would seek to dominate wherever they went.

After World War II, he planned to disperse Jews throughout the world in order to weaken Jewish influence, including Jewish influence in the USA (see Project "M," discussed below). Roosevelt called it "the best way to settle the Jewish question." A top-secret project. Roosevelt states in one of his memoranda:

"Any person connected herewith whose name appears in the public print will suffer guillotinally."

Roosevelt repeatedly urged that Project M be kept completely secret. This means that Roosevelt took the plan of this project, as far as its anti-Jewish meaning is concerned, deadly seriously. Among others, a certain scientist Aleš Hrdlička was also privy to the project. Possibly a Czech.

One of the main goals of the project was to disperse the Jews. Probably either to South America or to Central Africa (and perhaps to both places at the same time). It is not surprising that Roosevelt kept this plan secret. Jewish influence in the USA was already powerful at this time. Not ruling, but still powerful. At the same time, it was smart. He could work on this project undisturbed and in secret.

Unfortunately, Roosevelt is dying. And Project M is going to the ice after his death. Under the pretext of the new Truman administration that the project would be a “waste of money”. Well, if you just look at how much Israel’s parasitism on the USA has cost over the entire period (trillions of dollars), then this project would be a trifle in comparison. Americans will soon regret it.

Well, that was during the time of Roosevelt – one of the greatest American presidents. If not the greatest. The man who helped millions of Americans out of poverty during the crisis, led the USA to victory in World War II over Nazi Germany and fascist Japan. A man loved by the American people (elected 4 times in a row and considered in his time essentially the “father of the nation”). A man who instinctively felt that Jewish influence, if not stopped, would destroy the USA. Which unfortunately happened. After Russia, the USA will soon fall.

[https://en.wikipedia.org/wiki/Franklin\\_D.\\_Roosevelt\\_and\\_civil\\_rights](https://en.wikipedia.org/wiki/Franklin_D._Roosevelt_and_civil_rights)

Or the Jewish lamentations over FDR's "anti-Semitism" above. It is bad enough to find out that the great fighter against Hitler was what you hate most – that is, an "evil anti-Semite". A few drops of bitterness have fallen into Jewish waters here.

Strange that Roosevelt, despite the facts above, which clearly indicate his anti-Jewish policy, is considered a “Jewish agent” by many people dealing with Jewish issues. Well, he is too anti-Jewish for that to be a “Jewish agent”. I am beginning to feel that the negative attitude towards Roosevelt is based more on false stereotypes than on reality. It should also perhaps force us to reconsider the position on when the Jewish takeover of the USA actually took place. Considering that such an anti-Jewish person as Roosevelt could become president, and even openly express and promote anti-Jewish policies and views during his presidency, the Jews evidently did not yet control the USA. The freedom of speech of that time on the Jewish question speaks clearly for itself. If a person in the USA today did even a fraction of what President Roosevelt did, he would be finished immediately. The Jews would eat him alive.

It occurred to me, although I have no evidence for it now, whether FDR’s death in 1945 was actually “natural”. Whether he was not poisoned. There would be more than enough reasons for this. But that is just my speculation. Even if he had lived to a longer age, he would undoubtedly have ended up the same way as JFK. FDR’s sovereign American patriotic and nationalist policy was the last thing the Jews cared about.

Among other things, Roosevelt was a fervent supporter of a national USA, i.e. that the USA should remain a homogeneous white and Christian country. The Jews did not really care about that either – they hated the USA as much as they hated Russia. Roosevelt’s death in 1945 seemed to be bad news for the USA in this context. As if a bad sign – the father of the nation was dying. And his American motherland will soon follow him to the grave. The Jews will soon take over the American country. And they will destroy it.

Yes, those were the days of good old Frank. Back then, Roosevelt’s grandson Curtis often heard his grandfather tell anti-Jewish stories in the White House, with the Jewish characters being people from the Lower East Side with a thick accent. Today, everything is different in the White House.

So maybe FDR was one of those decent and good American presidents. Perhaps the greatest president among the greatest US presidents – next to Abraham Lincoln and others.

It would appear that Trump genuinely desires an end to the crisis over Gaza

...

Yeah, definitely, he's just urging Yahoo to kill and get rid of the Palestinians faster so he doesn't get their blood splattered on his shoes when he enters office.

His consistent public messages to yahoo have been: 'get it over with!'

I certainly wouldn't use words like "genuine desire" to describe his utterances and have these be confused for any semblance of humanitarian appeal to the criminally psychotic yahoo and all his criminal enablers in Western governments.

‘The settlers will also attend the first session of a newly-created “Friends of Judea and Samaria Caucus” in the US Congress.’ — Dr Philip Giraldi

This tendentious name, not to mention their inviting filthy settler rabble to attend, is infuriating. Who ARE these people? This article sheds light:

‘Rep. Claudia Tenney (R-N.Y.) launched the congressional Friends of Judea and Samaria caucus on Wednesday to support her “Recognizing Judea and Samaria Act” rejecting the term “West Bank” and to foster ties between Israel and the United States.

‘Rep. Randy Weber (R-Texas), a member of the newly formed caucus who was wearing an **Israeli-flag necktie** for the occasion, joked that naming conventions ought to be more self-explanatory.

“The United States was founded on **Judeo-Christian** principles,” Weber said. “Did you notice that they don’t say that it was founded on ‘West Bank-Christian’ principles? In police work they call that a ‘clue,’” he added to laughter from the crowd.

‘More than a dozen members of Congress, all Republiclowns, attended the event or were listed by Tenney as members of the new caucus.’

The WW2 “holocaust” is a Jewish lie. One that was repeated hundreds of times for 4 decades before WW2 by Jews around the world begging for money, sympathy and Palestine like lying wastes of skin faking cancer on go fund me websites.

British propaganda officers admitted as much. It doesn't surprise me that FDR didn't commit resources to stop what wasn't happening.

How long has the global Zionist cabal controlled the United States. One third of the founders were Freemasons, the secret satanic society based on Judaism.

This holocaust in Gaza began with the founding of the US.

Here Jewish leaders brag about owning and controlling freemasonry and that it is completely satanic in nature.

THE JEWISH TRIBUNE, New York, Oct. 28, 1927, Cheshvan 2, 5688, Vol. 91, No. 18: “Masonry is based on Judaism. Eliminate the teachings of Judaism from the Masonic ritual and what is left?”

LA VERITE ISRAELITE, Jewish paper 1861, IV, page 74: “The spirit of Freemasonry is the spirit of Judaism in its most fundamental beliefs; it is its ideas, its language, it is mostly its organization, the hopes which enlighten and support Israel. It's crowning will be that wonderful prayer house of which Jerusalem will be the triumphal centre and symbol.”

LE SYMBOLISM, July, 1928: “The most important duty of the Freemason must be to glorify the Jewish Race, which has preserved the unchanged divine standard of wisdom. You must rely upon the Jewish race to dissolve all frontiers.”

AN ENCYCLOPEDIA OF FREEMASONRY, Philadelphia, 1906: “Each Lodge is and must be a symbol of the Jewish temple; each Master in the Chair, a representative of the Jewish King; and every Mason a personification of the Jewish workman.”

MANUAL OF FREEMASONRY, by Richard Carlile: “The Grand Lodge Masonry of the present day is wholly Jewish.”

THE FREEMASON, April 2, 1930, quoting Br. Rev. S. McGowan: “Freemasonry is founded on the ancient law of Israel. Israel has given birth to the moral beauty which forms the basis of Freemasonry.”

Rabbi Br. Isaac Wise, in The Israelite of America, March 8, 1866: “Masonry is a Jewish institution whose history, degrees, charges, passwords and explanations are Jewish from beginning to end.”

Benjamin Disraeli, Jew, Prime Minister of England, in The Life of Lord George Bentick: “At the head of all those secret societies, which form provisional governments, men of the Jewish race are to be found.”

LATOMIA, a German Masonic journal, Vol. 12, July 1849, Page 237: “We cannot help but greet socialism (Marxism – Communism) as an excellent comrade of Freemasonry for ennobling mankind, for helping to further human welfare. Socialism and Freemasonry, together with Communism are sprung from the same source.”

BERNARD STILLMAN, Jew, in Hebraic influences on Masonic Symbolism, 1929, quoted The Masonic News, London: “I think I have proved sufficiently that Freemasonry, as what concurs symbolism, lays entirely on a formation which is essentially Jewish.”

O.B. Good, M.A. in The Hidden Hand of Judah, 1936: “The influence of the Jewish Sanhedrin is today more powerful than ever in Freemasonry.”

JEWISH ENCYCLOPEDIA, 1903, Vol, 5, page 503: “The technical language, symbolism and rites of Freemasonry are full of Jewish ideas and terms ... In the Scottish Rite, the dates on official documents are given according to the era and months of the Jewish calendar, and use is made of the Hebraic alphabet.”

B’NAI B’RITH MAGAZINE, Vol. 13, page 8, quoting rabbi and mason Magnin: “The B’nai B’rith are but a makeshift. Everywhere that Freemasonry can admit that it is Jewish in its nature as well as in its aims, the ordinary lodges are sufficient for the task.

The ADL (Anti-Defamation League) of B’nai B’rith is a totally Jewish controlled organization with its main goal to destroy Christianity. (Also, the B’nai B’rith form a super-Masonic lodge where no “Gentiles” are admitted.)

TRANSACTIONS OF THE JEWISH HISTORICAL SOCIETY Vol. 2, p 156: “The Coat of Arms used by the Grand Lodge of England is entirely composed of Jewish symbols. FREEMASONS WORSHIP LUCIFER!

For decades, the FARA office has not been enforcing the law. AIPAC is the poster child for this assertion. It is time we started confronting and calling them out. *Enforce the frickin' law.* Or else.

In your article you fail to mention that the Israeli army is exhausted, depleted and over-extended

Has it occurred to you Mr. Giraldi that maybe the Palestinians have fought the squatters to a standstill

And that if the Genocide didn't end soon there would be open mutiny in the IOF

Mr Giraldi, you say the Israelis are just itching to go back to war in Gaza

What are they going to do next that they haven't already done?

Kill more women and children, starve more people, blow up more hospitals?

None of this stuff has worked so far

But it has resulted in exposing to the entire world the true colors of the fake Jew.

READ THIS ARTICLE ON WHAT DONALD TRUMP SHOULD DO WHEN HE IS PRESIDENT, WRITTEN BY POLITICAL ANALYST AND FORMER ADVISOR TO PRESIDENT RONALD REAGAN, DR. PAUL CRAIG ROBERTS.

Paul Craig Roberts

U.S. security agencies have long used the mantle of national security to avoid accountability for their crimes, such as the assassinations of President John F. Kennedy and his brother, Robert F. Kennedy, and the numerous assassinations of foreign leaders and gaffes. Beginning with the Clinton regime, presidents and non-security appointees also began to evade accountability. The situation worsened under the George W. Bush and Dick Cheney regime, and it exploded under the Biden regime with the attorney general, the FBI, and Democratic attorneys general and state attorneys general who weaponized the law against Trump, his lawyers, and his supporters. Many people were financially ruined. Many were falsely jailed, and Trump himself was robbed of his re-election in 2020 through the most blatant and obvious vote-stealing in U.S. history. The evidence is clear that Biden himself is guilty of selling vice presidential and presidential influence with his son, Hunter, being the marketer and sharing the revenue. However, the U.S. Department of Justice prevented any investigation and indictments.

The practice of elevating senior officials to the privileged status of a king or aristocracy above the law and the U.S. Constitution should not continue under the Trump regime. If he does, senior officials will have won the right of squatters to be above the law, and the U.S. Constitution will be reduced to a dead document.

At this point, the only way to prevent a breakdown of the rule of law in the United States is for the Trump regime to ruthlessly prosecute the Justice Department, the FBI, and White House officials who selectively enforced the law in the form of lawfare against political opponents. If those responsible avoid accountability, a legal precedent will have been set, and differential race- and gender-based rights and statuses already in place will be joined by special legal privileges for senior government officials. It would mean the end of any possibility of responsible government.

This should be the top priority of the Trump regime. It is even more important than closing the border.

On the war front, Trump should simply walk away from conflict with Iran and Russia. Wars distract attention from domestic affairs and will prevent focus on making America great again. Wars will bring more propaganda about “terrorists” and more violations of U.S. civil liberty, which is not a way to make America great again. There is no reason whatsoever for American blood, taxpayer money and more to be issued American debt in order to enrich the coffers of the military/security complex and expand the border of Greater Israel. Trump should realize that Israel has no

value to the United States. Israel is a deadweight burden around our necks, and America's unconditional support for Israel's wars and genocide of the Palestinians has cost it the U.S. reputation enormously. If America once had a moral glow, it doesn't.

Iran and Russia do not threaten the United States. The Middle East is full of problems for Iran, whose government needs no problems with the United States. Ukraine is Russia's problem, not ours. Washington is responsible for the conflict. Trump should apologize and get us out of the conflict.

The moment Trump stops sending money and weapons to Ukraine and Israel, peace will descend upon the world.

Trump should return to his original position that NATO has no value to the United States. If NATO did not exist, Russia and Europe would be engaged in mutually beneficial economic enterprises. These companies would create financing and business opportunities for Americans as well. Everyone would thrive. It is Washington's pursuit of hegemony – control over others – that is suppressing economic activity around the world and eroding the standard of living of all but the richest one percent. MAGA America has no interest in the policy agendas of special interest lobbyists that benefit only a small percentage of people who are already so wealthy that they cannot spend their enormous amount of income and wealth.

The world's problems originate in Washington and are institutionalized in the Israel lobby, the military/security complex, Big Pharma, and their control over ineffective and high-cost American medicine that sacrifices the health of Americans and the integrity of doctors to profit from Big Pharma. These are the real threats to America that if America is to become great again, these threats, not Russia and Iran, must be destroyed and eliminated.

If the Trump regime can restore respect for the rule of law by indicting and prosecuting the Justice Department, the FBI, and other officials for their criminal behavior, and if Trump can pull the plug on the U.S.-Israeli war machine, he will have saved the world from nuclear war and re-established the United States as the premier nation the world expects leadership.

My concern is that Trump loves the war paper. As Winston Churchill believed, there is nothing more exciting than being a war leader, especially if you imagine prospects of victory. Trump is extremely susceptible to going to war based on the advice that Putin has no red lines because Putin is too afraid of conflict. With Iran being isolated from the destruction of Syria and a reformist government that wants to be free of religious restrictions and make money in the West, Trump is being advised that it is time to overthrow Iran. <https://www.rt.com/news/610763-trump-envoy-iran-pressure/>

When the Ruling Elite has you locked elsewhere, their agenda becomes your only option. Has Trump fought so hard just for the sake of being used by the institutionalized good of the American establishment?

The third thing Trump should do immediately is shut down the U.S. biological warfare labs that Washington is operating around the world. These labs are trying to create deadly pathogens that are highly contagious. Labs are even trying to target pathogens to specific ethnicities, collecting, for example, Russian DNA in the hope of finding some Russian-only material to attach the pathogen to. All of these U.S. labs are illegal. Washington is trying to evade its responsibility by locating its biological warfare laboratories in other countries. Trump should immediately end the activity and prosecute those responsible, including the U.S. Congress, if Congress authorized this illegal activity.

Those who profit from this evil activity claim that we have to do it because our enemies do, but they never provide any documentation for their claim. Anyway, as the Covid experience shows, when a pathogen is released, it goes everywhere. Using one as a weapon results in the same self-destruction as a nuclear war.

Much of science is committed to guns. It is necessary to return to science to improve health and the human condition.

If Trump can deal with the real challenges we face instead of being led into false challenges that serve special interests, he will go down in history as the greatest American president in history.

Since the beginning of time coercion has been the norm. Might makes right.

As populations grow, to avoid revolution, the mighty recognized lying and propaganda could be used to coerce without the population recognizing it.

But lying alone isn't enough. Discerning the truth, reality, is a fundamental factor in evolution. People recognize truth from lies.

So those in power maintain this balance of coercion with every aspect of civilization. Existing laws, the economy, the structure of power. Corruption is built in to the whole thing. Some things don't change the rich get richer.

But they will never change the fact that truth is an evolutionary need, and lies will always be the source of all conflict.

If we need any laws, we need laws that criminalize lying.

He should be the symbol of MAGA (Make America Great Again). A greater American national symbol is hard to find.

In Roosevelt, white Americans have everything they need:

1) White American nationalism, defense of the white and Christian homogeneity of the USA.

2) Fight against Jewish influence, anti-Jewish and anti-Zionist policies.

3) Socially just policies.

4) Victory in war, embodiment of the heroism of the American people.

5) A healthy moral and family environment, typical of the Roosevelt era (Christianity, patriotic education, etc.).

What more could white Americans ask for? What greater embodiment of American national greatness and how to make America great again could there be? A demonstration of beautiful conservative American patriotic policies. Yes, it may surprise some today how Democrat Roosevelt could have a strong conservative national agenda, but one must remember that the Democratic Party once held strong conservative policies. What the current Democratic Party is today is terrible. But the Republican Party has also become an anti-national party (also supporting the multicultural genocide of white Americans, etc.).

I am afraid that unfortunately many Americans (i.e. white Americans) who support the MAGA movement do not know what they actually want. Then they asked some of these Americans what MAGA means or when America was great. Most of these people had absolutely no idea. Which does not help the situation of the conservative American patriotic scene much.

I am also a big supporter of the MAGA movement. Since 2016 at the latest. And that is why I am in favor of this movement separating from Trump as soon as possible and going its own independent way. I have long since given up any illusions about Trump. I have already experienced too much disappointment from those at the top, from the ranks of outwardly “pro-national politicians”, to support Trump. I judge by deeds. And I simply do not see it in Trump. Unfortunately, people’s memories are short. Many have forgotten, for example, that Trump never actually abandoned multicultural politics and has not moved towards the much-needed white American nationalism needed to save the USA. Trump is only against “illegal immigration”. Not against massive non-white immigration to the USA. Not to mention Israel First (instead of America First), his waving of the LGBT flag back in the day (although he did not explicitly support the harshest form of the LGBT and transgender agenda, he still did this pro-LGBT thing that can hardly be associated with conservative patriotic politics).

Time to associate the name of the MAGA movement with someone else. Even a person who is no longer alive. That’s how FDR came to mind. His special approach to the Jewish question alone is fundamentally different from Trump. Not to mention other things. Which is the essence of the problem – Trump is no Roosevelt, nor any another authentic pro-national American president. Therefore, it is fundamentally pointless to pin hopes on Trump from the beginning, who only serves the interests of globalists. As a controlled opposition.

I’m surprised that American patriots did not raise FDR as the banner of the MAGA movement. They will hardly find a stronger national symbol. At the same time, it is quite unlikely that anyone will be able to connect this movement with Hitler (connecting Roosevelt, the winner over Nazism, with Hitler is practically impossible).

Such a movement would be very strong. What more could it offer than Franklin Delano Roosevelt's America, free, strong, safe, socially just, and sovereign?! That would be a strong and great idea – a strong national and Christian USA. America for Americans (i.e. the American nation in the original sense of the word – white Americans).

The question is why American patriots haven't done it yet. So far they are just wandering in a vicious circle. And that is not a good sign. I am also convinced that over time, the eternal connection of Trump with MAGA will ultimately only discredit and destroy this movement.

Roosevelt's America remains undoubtedly the highest ideal to which one can aspire. The golden age and the pinnacle of American history. To make America great again, a return to the old America itself is necessary. The old America that we see today only on the movie screen. The lost country that few Americans remember today. Today's "America" (Jewmerica) is a real hell on Earth in comparison. Most of today's "American people" are just a de-nationalized mass, deprived of American soul and American roots. Few Americans know what America once really was. Not the current caricature of America. If this reminds you of the tragic fate of Russia and the Russian people, know that you have come to the right place.

“Is It a Real Ceasefire or Only a Scam?”

Why would anyone assume it's not a scam?

**Reality Fact (the 35,000 ft. view):**

The US government and it's proxy , Israel ( or is it the reverse? ), plus Hamas, Egypt and Qatar, and no differently from any other governments past, present or future, are 100% criminal scams, so why would anyone believe anything any of them and their representatives ever say?

**Reality Fact:**

“Because they are all ultimately funded via both direct and indirect theft [taxes], and counterfeiting [central bank monopolies], all governments are essentially, at their very cores, 100% corrupt criminal scams which cannot be “reformed” or “improved”, simply because of their innate criminal nature.” onebornfree

hey z-man, remember iran has her own hypersonics, that they currently share with the houthis (if not missiles, then technology for them to build in yemen). yemen is a sovereign nation and has already declared war on israel and they continue to hit israel, firing them across the red sea.

hezbollah are freedom fighters as well as a political party but do not represent the whole of the lebanese government. yemen is far enough away and strong enough and to handle israeli and u.s. responses. just as in yemen, hypersonics in lebanon might bring in the u.s., much to the delight of the israelis.

i don't think we've seen the full extent of hezbollah and we've only seen the tip of the iceberg on iran, check out the southfront link i posted in comment 13 on iran's underground missile city. they also have an underground hardened air force, known as eagle 44.

Is the Ceasefire real or a scam? Well of course it's a SCAM. This "ceasefire" agreement is just Media Spin and PR. Something for a New President to brag about. The Powers That Be (TPTB) are aware of how Israel is becoming more and more unpopular with the American People because of the Genocide in Gaza. The US Ruling Class will always be Loyal first and foremost to Israel. The American People be damned. The US Elites loyalty to Israel is fierce, deep and unbreakable. This "Ceasefire" is a Scam.

I entirely agree with you. To wit: Trump is an israeliphile. I absolutely do not see Trump doing anything significant to hinder israeli plans. In fact, I would argue he will facilitate them.

Election rhetoric and post-election deeds are two different animals. Pols will lie to the high heavens to get elected. And then for the most part, renege on pretty much every promise. Look at Trump's israeli policies to date: moved the U.S. embassy to Jerusalem; recognized israel's annexation of the Golan Heights; and assassinated Iranian General Soleimani who was the man responsible for the Hezbollah resistance to israel.

No. Mr. Hedges has phrased this cease-fire as a charade and I entirely agree with him. israel will continue it's torah inspired conquest of the Levant, of that I have no doubt. They may not resume hostilities next week, next month or even next year. But they **WILL** resume their genocide.

“They can play it either way and might even have a commitment from Washington to advance preparations for a joint military action against Iran.”

I’ve been seeing a few comments from devotees of the incoming Trump administration that are hoping that he will bring back all the (White) military personnel that were booted out for stupid reasons e.g. not taking an experimental vaccine. I do not think this is a good idea, and I will explain why.

I have a very disturbing feeling that the Orange Israel Toe Kisser has cut a deal with the likes of Miriam Adelson and the Deep State in exchange for letting him return to the White House. I suspect that deal will involve backstabbing his entire MAGA base and morphing into a pro-war with Iran advocate, after another false flag incident is orchestrated, in order to give him an excuse to turn into the war monger that he has pretended to claim he is not.

I sympathize with the White military personnel who refused to take the jabs, but from my point of view – being booted out of the military could turn out to be a blessing, unless these guys are dumb enough to “enjoy” being used as cannon fodder to fight & die in endless wars in the Middle East for the sole benefit of Israel.

I would strongly recommend that White men should refuse to join the military, and for those White men who are currently in the military – to get out at the earliest opportunity. White fathers who are veterans should discourage their sons (or daughters) to stay out of the military.

A somber truth that all White men should open their eyes to is simple: This government and it’s political elite class hate you and that includes this Orange Con Man who is due to be sworn in on January 20th. Mr. Orange is on the record as promising to flood America with unlimited numbers of H-1B Visa scabs who will be used to deprive White men of great paying careers in the IT and Tech sectors, and those scabs will be allowed to chain immigrate their wives, children and family members – so, how is this promise not a full endorsement of the White Race Replacement Agenda?

Legal or illegal, the end result is the same, folks. Donald Trump is just as much of an enemy to White America as Joe Biden and Obama and both of the Bush occupants of that office, as was Clinton and every president dating back to at least the 1950s.

White Americans have zero obligation to serve in any branch of the US military that represents a government who hates them and who are aggressively working to turn them into a hated and despised minority where they will be permanently subjugated and ruled over by a motley collection of non-whites who are not bashful about telling them how much they hate Whites.

This has been one of my greatest concerns about this guy returning to the White House – because I am sick of seeing generation after generation of young White men being sent off to fight wars that are in no way connected to the national security interests of the United States. The worse thing that could happen would be for White men to start joining the military again because they mistakenly think Mr. Orange is their buddy.

He is NOT. He is guy who cannot even utter the word 'White'. But, he can grant early releases of thousands of black criminals from prison and bend over triple backwards to pander to blacks in ways that are both humiliating and disgusting to witness. He is a guy who vows to deprive talented White Americans of high paying careers and replace them with H-1B Visa Indians so his campaign donors (Elon Musk) can pay his scabs less and pocket the difference.

I'm noticing news articles that are being pumped out by the so-called conservative media that are describing the upcoming inauguration. I'm seeing the same kind of pattern that the Deep State controlled GOP uses every time they are about to move back into the White House. Lining up all kinds of White Country Music performers, who'll all be singing songs written so as to set the hook in the jaws of White Americans and trick them into thinking that they have 'taken back' their country from those horrible Communists on the left.

It's all a mirage. It's pure propaganda. Please wake up and stop falling for this gaslighting.

Heed Phil Giraldi's warning. Do not let the war mongers in the Trump cabinet sucker you into rejoining the military because I think they are scheming to start a war with Iran. And, possibly even send US troops to Ukraine to fight against Russia.

Now the christians that could influence the parts to stop, are corrupt.

So you have:

**Judaism**; very violent, nasty, racist, tricky.

**Islam**: very violent, self destructive, overwhelming responsibilities to its followers.

**Christianity**; has been invaded by Judaism and have turned them into immoral, corrupt, unjust

That's the state of affairs in the world.

| 'Pretty sure only jew, jew pet credit Hamas with "hundreds" killed?'

As I pointed out to Ron, the irony is that the profile of those Jews killed — overwhelmingly military-aged adults — implies that many or most of those killed would have been killed by Hamas. Israel just shot her way back in, killing whoever got in the way of a bullet, a shell, or a rocket. The profile of the music festival audience screws up the calculation, but my logic is that if Israel herself killed most of the victims, the demographic spread should have been wider. There was, for example, only one (1) infant killed. That implies hand tools, and a focus on adults — Hamas.

Anyway, what's wrong with Hamas killing 'hundreds'? How do you expect them to get the Jews to go away? I bet no more music festivals get held next to the fence.

In 1943, the Polish Home Army responded to German attempts to plant a colony deep inside Poland at Zamosc by attacking the colonists, killing men, women, and children. They themselves admitted it was brutal, but what should they have done? Pleaded with them to leave?

An american and a british has always looked down to others and has thought themselves as better, superior, exceptional and the center of the universe. Others are meant to be used by american and british. You can see this in practice when american and british travel and visit somewhere abroad. They think "Hey Im american/british. Dont touch me. You dont have rights, Im american/british!". And after they have remained for a while and had their sick children, the only way to get rid of american and british is legal violence, because they see that they own the lands that they have settled. This is not just about some “idols”. This is about the search for truth. A nation that does not know its own past has no future. Including the American nation. And it is also, above all, about the ideal that we should strive for. Without it, the whole MAGA is just a beautiful and empty abstract phrase. Nothing more. History is the best guide to how to act. Without it, we are just blind.

Just look at a number of MAGA supporters. For example here.

Most of them absolutely do not know. Then it will be difficult to change anything.

You're on the right path but Israel (Zionist Jews) don't make many things. They control "distribution"; they are the middle men. People need to not only boycott brands which support Israel, they need to boycott artists, celebrities and intellectuals who support Zionism/Israel and there are many (i.e. Radiohead, Jordan Peterson, Sarah J. Mass, Pierce Brown, Rebecca Yarros etc...).

BDS provides updates for brands and business which are connected to Israel.

Seriously, go somewhere with that support for Nazi monsters. With the glorification of these German and Japanese criminals and devils in human form.

The Nazis, the “great defenders of the white race”, who massacred tens of millions of white Slavs and other white Europeans. “Great defenders of the white race”, who made a pact with the criminal and devilish Asian imperial Japan, which brutally killed and murdered millions of people in Asia and elsewhere, including white Europeans. The seed of the Devil, which committed such a crime as the Nanking massacre (a crime also known as the “Rape of Nanking”). The “great German defenders of the white race” covered up these terrible crimes.

To know who the Germans and the Nazis were, one does not need the Americans or the British. And not even the Jews. The Slavic nations knew very well what German domination and occupation meant. Lidice, Ležáky... just the tip of the iceberg of inhuman German atrocities and crimes. The Germans committed a brutal genocide of the Slavs during WW2. Just as they committed a genocide of the Slavs together with the Austrians during WW1. The time when they collaborated with the genocidal Ottoman Turkey, which committed the genocide of the Armenians, Greeks and Assyrians.

The German rape of Belgium and the criminal occupation during WW1 need not be mentioned. Not to mention the criminal German occupation of France and Belgium during WW2.

# REMEMBER • BELGIUM •

So please put these sympathies with the Germans and Japanese from WW2 somewhere.

Note: After all, not only Asian nations but also members of European nations became victims of Japanese aggression in Asia and nearby. Among them the Russians. The very topic of Japanese war crimes against the Russian people is also a rather poorly researched area. Whether it is Japanese war crimes against Russians during the Russo-Japanese War or during WWII. But I do know for a fact that some terrible Japanese atrocities against the Russians took place during WWII. E.g. In the Manila massacre, Japanese soldiers raped hundreds of women. At the same time, Japanese soldiers also raped some Russian women. I don't know exactly which women they were and how many. Were they members of the Russian White emigration? And the Russian community in general? Or were they members of some local Soviet mission? I don't know. Another such tragic example is the story of several dozen Australian nurses who were captured and sent to Sumatra and enslaved as sex slaves in Japanese brothels.

These brothels were where women were raped to death by Japanese soldiers. And so the poor girls who ended up in these brothels met a fate worse than death.

In short, if a person was unlucky and fell into the hands of the Japanese, he often met a fate worse than death.

Imperial Japan was so cruel. Indeed, the Japanese army advanced with the demonic cruelty of Genghis Khan. The Japanese were really modern-day Mongols and Tatars.

I was following the Congress Hearing for Trump's Cabinet Nominees,,,I heard the Pat Bondi say that USA #1 priority is ISRAEL, then Hegseth could NOT guarantee that OOD/Pentagon would not fire upon American Citizens, and even Tulsi Gabbard had to backtrack..It is obvious that The USA Congress is an AIPAC colony. The Gaza Cease Fire is a theatrical piece written by the AIPAC Lobby..in clear Talmudic fashion: They are saying lies but they are NOT liars..what? The Gaza Cease Fire gives Israel the power to on/off Genocide, to annex the West Bank, unleash Settlers terrorism on Palestinian Farmers...and worst of all the Dignity of the Palestinian State is Unacceptable...Trump could have pushed Israel to stop the genocide permanently and pull out of the West Bank...southern Lebanon..The only real permanent solution is Two State Solution..Palestinians must run their own affairs sovereignty..DEMOCRACY.

| What's wrong is that it is unclear how you came up with this and why.

Actually, it's quite clear how I came up with it. I have outlined my reasoning both here and in the original discussion with Ron. If you won't read my posts, there's not much I can do to help.

| Not even the Jews claim that Hamas killed "hundreds" of Jews on Oct 7.

| Your opinion that they would have been justified is neither here nor there. You simply opine on a falsehood.

Depending on which Jew you ask, the Jews don't stop at 'hundreds.' They claim anything up to 1200.

In any case, claim Hamas didn't kill anyone at all if you like. My concern is to end Israel, not defame Hamas.

@Notsofast

The IRGC strategy, as developed by Soleimani beginning in the 1990s, is to provide the training and technology so that their allies are able to stand on their own and fight the enemy on their terms, rather than having to rely on Iran for weapons shipments, tactical strategy, etc. which are subject to disruption and interference by external antagonists as well as political elements within Iran itself who act as a fifth column (mainly from the IRGC's principal enemies at home, the Western-oriented reformists and liberals such as Rouhani, Zarif, and the other usual suspects.)

There is also the issue of Iran (specifically the IRGC and the Armed Forces rather than the ever-changing civilian political leadership) imposing limits on the "Israel" conflict to keep it from potentially escalating into all-out regional or even world war, by keeping it as an Arab problem to be solved by the Arabs themselves, and which should have been solved by the Arabs many decades ago and could have been had their regimes and leadership not been so corrupt. Whenever Iran has tried to help the Arabs, there is the inevitable accusation of Iranian "interference" and "meddling" in "Arab affairs." Soleimani's solution to this dilemma was to create the Axis of Resistance, not as a way of controlling "proxies" but to develop partnerships with countries and resistance groups all over the world (not just West Asia, as the hegemon is a truly global parasite, hence their constant attempts to oust Maduro and reoccupy Venezuela) and helping them in those areas where they need it.

Soleimani's genius and foresight in developing the Axis as an alliance of partners rather than as a simple grouping of proxy forces aligned with Iran is going to become even more evident as it expands beyond West Asia and inspires anti-Zionist resistance in even the least likely of places. Already it has expanded into Venezuela and the hegemon is freaking out because they don't know how to stop it. He knew that for the Axis to truly succeed, it would not be enough to rid the region of Zionism and US imperialism. It has to be a global effort of resistance of all peoples and nations against this tyranny. He never viewed it as a movement to be monopolized by Iran or limited to nationalist and religious ideology, and that is precisely why it works and how it is able to succeed in spite of every attempt to undermine and destroy it.

The next few years are going to get very, very interesting, especially for those who insisting that the Axis of Resistance is over and that resistance against the hegemon is futile. They thrive on infecting people with hopelessness and pessimism, and they've gotten away with it for a very long time. But not anymore. By embarking on the path to genocide, they've opened the ultimate Pandora's box, and as Soleimani predicted, their destruction will happen by their own hands. It's just a matter of time.

American and british still to this day try to spread lies about german being monsters etc. The fact is that there werent “gas chambers” and german themselves couldnt even feed themselves at the end of the world.

The world is sick of american and british constantly moral signalling, while never doing what they preach. Its all just a complete lie.

During and at end of WW2, american and british were smuggling as many nazi, soviet bolshevik communist scientists, doctors, business men etc. to the USA, UK, Canada etc. that they could get their hands on and to join american and british intelligence, after giving them new false identities. American and british were also very close allies with massive support to bolshevik communists. Same everywhere else to this day, allying with jihadist terrorists, kurdish terrorists, the northern league in Afganistan, Syria etc. American and british smuggled even very infamous and brutal ukrainian banderista nazis from Ukraine to USA, UK and Canada. In Germany american and british intentionally fire bombed purely civilian targets like Dresden and intentionally starved hundreds of thousands of german prisoners to death, stating that “We are not killing german fast enough.”. Then terror bombs of Hiroshima and Nagasaki, terror, ethnic cleansing and mass murdering against vietnamese.

And american and british try to lecture us about moral and right? Who are you to say anything to anybody?

American and british sick fucks make us sick. American and british disgust how sick they have always been. And these animals are the ones who keep lecturing us about moral, good, evil and western values? Really?

You're correct that a young white man in America would have to be a fool to sign up for the military for the straightforward reason that every other group, such as lesbians, blacks, Hispanics, and sexual perverts are guaranteed without exception to get unmerited preferment over that white fellow for training, assignment, and promotion, and that's for every day, week, and month of the year for however long he remains in the military. But, it gets much worst since the Pentagon's relentless DEI brainwashing sessions teach all non-white-males that those white males are the enemy itself.

This abuse and what amounts to punishment applies to other agencies within the government as well, such that even the FBI has official advocates for every group under the sun except white males. Nearly all HR departments in major corporations in America are run and staffed by homos and butch females, and have been for ages, who hate white males and will do everything in their power to show unmerited preferment to the same groups favored by the Pentagon and other government agencies, and all this with the tacit approval of Congress itself.

The Houthis shot some missiles at Izzy but I don't know if they were hypersonics. Hezbollah which has a greater reason to retaliate against Zion hasn't used any because it doesn't have any. I wish I was wrong but all the evidence shows that the juden-press exaggerated the strength of Hezbollah to give the Zionist Entity a free hand in Lebanon. **“Is It a Real Ceasefire or Only a Scam”**

My opinion is that there are two factors in war:

1- the firepower. In which Israel excels.

Israel:

Boeing F-15I Ra'am, AH-64D Saraf

Fighter.

McDonnell Douglas F-15 Eagle, General Dynamics F-16 Fighting Falcon, Lockheed

Martin F-35 Lightning II

Etc etc etc

A total of 700 planes of which most are attack planes...

Hamas: 0 (zero).

2- the second factor is:

Morale.

Morale is known to be the 10th Principle of War –

Israeli soldiers have Zero morale as we speak. They are completely destroyed internally.

Even Jews living outside Israel have lost their minds; hence their outrageous outbursts when they meet pro Palestinian demonstrators.

Suicide has gone up 1000 % .

They are suffering as much as Gazans.

Meanwhile, Hamas fighters keep attacking and causing casualties, there are attacks even in the west bank.

Something hizbollah isn't doing.

Maybe hizbollah is trying to rebuild it's strength (hence the Israeli bombing on southern Lebanon last night) but it's too late now; Iran, it's sponsor, has pulled out.

Hizbollah soldiers too have a low morale since the pager attack.

This is not over though.

If Israel tries to renege on the deal they will never ever recover because they're soft as biscuits.

How many Jews under 18 years of age, aka minors did the Hamas commandos kill?

I sorted through that at some point. Of course, the question is, who did Hamas kill and who did the IDF kill? Obviously (at least one would think it was obvious), Hamas killed *some* Jews. Equally obviously, Israel killed many Jews as well. All those cars were set afire by helicopter gunships, not Hamas fighters with AK-47's. Then several of the poster children killed turned out to have been killed by the IDF, not Hamas. That rather plump, smiling girl still shows up as a 'Hamas victim,' for example. It was eventually determined she was probably killed by Israeli fire.

However, all that said, what I remember from my count of *all* the dead, however they were killed, is that most of them fell between sixteen and fifty — i.e., at least potential combatants. There were very few actual children, and not many definite seniors. Only one baby, for example — and that one was killed by a bullet that came through a wall, if memory serves. Who fired it? Unknown. Were they actually targeting the baby? Unknown.

If you want a precise number, you should be able to look up the actual list yourself. I got mine off *Haaretz*.

The article implied that what intel and intellectual capital Chinese agents working as scientists and engineers in the US hadn’t stolen, Israel already had, and would use as negotiation chips with China. In fact when german found out that ukrainian banderista nazis had chopped people with axes, they were horrified themselves, but atrocities of even ukrainian banderista nazis werent never a problem to american and british. excellent comment as always, i agree completely. it seems the russians are taking the same approach to the larger axis of liberation, as i call it. they have formed strategic alliances with china, korea and now with iran as well. it seems they are all sharing technology and have for years before signing formal agreements more recently.

these four powers have a combined military industrial ability to out produce the entire western dominated world. russia on it's own is outproducing all of zato combined. they have left the west far behind in any arms race and are decades and generations ahead in terms of technology. the west can never catch up and will never be allowed to catch up.

the western military industrial complex is a ponzi scheme, that has hollowed out both their technical expertise and their economies that are being destroyed by unfettered greed, grift and graft, whereas the state own and controlled military industrial complexes of russia, china, korea and iran build their economies as profits go into state coffers.

zato equipment has been exposed as the overpriced, over hyped, antiqued garbage that it is and will lose market share of the last industry that they have. it's just a matter of time, as the sun sets on the zioneocon empire, it rises in the east. you are absolutely correct about the propaganda infection the west is spreading, in an attempt to breed hopelessness and pessimism. the trolls have been thick as flies here lately, obviously the agreement, just signed by russia and iran, has sent them into a frenzy. i don't know what they hope to accomplish with this, you cannot win a war on propaganda alone.

i am not casting aspersions upon the incredible skill and intelligence of the iranians but the soviet space program gave them a decades head start in this field, that the americans still haven't mastered.

These people are illiterate on Iran's missile program. Russians DID NOT sell RADAR to Iran and Iranian had to build it themselves, do you think they give Iran Hypersonic technology where Israel does not have? You must be out of your mind or you do not really know who the Russians are. The hypersonic missile that YEMEN used named PALESTINE was successful hitting its targets in Israel in a very short time. Dr Giraldi's suspicions were just confirmed by none other than Netanyahu himself:

'Netanyahu says Trump "emphasized" to him that the ceasefire is "temporary," and Israel will have "full backing" to resume the war in Gaza. He says Trump has decided to "lift all the remaining restrictions" on US munitions, allowing Israel to resume the war with "tremendous force"'

Thanks to a Microsoft bug that melted my dual-boot computer, I cannot now find a much more detailed report by an independent NGO that found that 97% of ceasefires lasting 10 days or more were broken unilaterally by Israel. Will keep looking and post it if found. If anyone has it please post it. It was a detailed, authoritative analysis of ceasefire breakdowns before Oct 7, back about 20 years. Meantime here is a short piece from Visualizing Palestine:

“[July 2014] Visualizing Palestine’s first ‘data sketch’ graphic charts the routine violations of the last Egyptian-brokered ceasefire from 22 November 2012 til 7 July 2014. While both the Israeli military and Palestinian factions violated the terms of the ceasefire, a close examination shows that Israeli violations were more frequent and far more deadly. Out of Israel’s 191 violations, 10% resulted in death and 42% in injuries or detentions; while out of the 75 Palestinian violations, just 4% resulted in injuries and none in death.”

‘It’s quite interesting to prepare potential comparisons of the two operations. One by the Evil Terrorists and the other by the Most Moral Army on the Planet.’

Generally, the Jews seem to accuse the Palestinians of the sins they themselves commit. Violating ceasefires. Breaking agreements. Grossly dishonest propaganda. Indiscriminate slaughter of men, women, and children. Use of human shields.

This has ominous implications for their incessant claims of rape. There’s yet to be a single verified case of it happening on October 7th — but how often has it occurred over the course of the sixteen months since?

Oona twists article 51 so much to justify the genocide in Gaza that it looks like a pretzel. Article 51 gives the right of a state to react to aggression from another state without UN prior approval. It does not give the right to commit genocide against a people in a country it occupies.

Palestine is illegally occupied by Eastern Europeans who swindled the UN into granting it conditional acceptance. The Eastern Europeans have not fulfilled any of the conditions and neither have they had any intentions of fulfilling those conditions making their acceptance into the UN null and void.

The ersatz state is an abomination unto mankind and must be dismantled.

I posit that Miriam's dough effectiveness is like the half life of radioactive elements. Deteriorates inexorably over time.

One hundred million is a lot of smackers. It could take a long time to deteriorate.

My hope is more that Trump is going to be more interested in playing to the hometown crowd: transsexual horseshit, illegals, trade, the deep state, amnestying the January 6th defendants. He may go through the motions with Israel and Iran, but hopefully his heart won't be in it.

The way the whole ceasefire/hostage thing is playing out suggests that Trump views all that as a distraction. *'Here. Hostages free. Now go away. I got things to do here at home.'*

As I say, so I hope.

It's a scam of course.

<http://www.zerohedge.com/geopolitical/netanyahu-says-trump-emphasized-him-gaza-ceasefire-temporary>

Netanyahu says Trump “emphasized” to him that the ceasefire is “temporary,” and Israel will have “full backing” to resume the war in Gaza. He says Trump has decided to “lift all the remaining restrictions” on US munitions, allowing Israel to resume the war with “tremendous force” [pic.twitter.com/oodqpwkU7I](https://pic.twitter.com/oodqpwkU7I)

— Michael Tracey (@mtracey) January 18, 2025

Trump is also a scam. First thing he'll do after his PR stunt about removing 'migrants' from Chicago, will be to attend the WEF summit at Davos (virtually of course).

Your analogy is backwards, here. Jews from the USA created the fake state of "Poland" out of German, Russian, and Austrian-Hungarian land, just like they created the fake state of "Israel." They settled this fake state of "Poland" with Jew and Polack colonists. In the correct analogy, "Poland" is equivalent to Israel and this "Polack Home Army" is equivalent to the Israeli settlers taking land that rightfully belongs to someone else. The Juden will get their hostages back and, after creating some excuse, will simply resume bombing. Gotta get those bulldozers in there so that the real estate sales can get moving as quickly as possible. Now is the big chance for the Juden to 'git-r-done', so they aren't going to leave the job half finished.

The Juden-owned Western media and polities will all carefully not notice. Donny the Jew will say that he tried, but what could he do? It wasn't the Jews fault, the Palies broke the peace agreement!

Here in Austfalia, the Zionazification of the country proceeds apace. The Gaza genocide is almost never mentioned anymore. The hideous litany of Zionazi barbarity has NEVER been published in the local MSM. ALL criticism of the genocide is now described almost universally, as 'Jew-hatred', 'antisemitism', and an occasional 'blood libel'.

The MSM sewer regurgitates wailing tales of 'Jewish suffering' (the preference is for 'Jews' rather than 'Israelis' further giving the brainwashing game away) are numerous, and reports of Gazan suffering almost extinct. Besides, as the MSM vermin repeat, Hamas 'started it'.

The latest 'outrage' is 'attacks' on synagogues and the domiciles of local Jewintern agitators. Mysteriously (not!) The Filth have not caught one culprit yet, nor even produced a plausible patsy, after some weeks. The familiar stench of Zionazi false-flags reeks to high heaven, but no local MSM insect would dare even hint at it.

Furthermore, our local political scum react with hysteria, declaring it 'hate' and even 'evil', (as if active support for genocide was 'love' incarnate and 'goodness' divine), and 'terrorism', but no Zionazi ACTIVELY supporting the genocide will ever suffer a second's inconvenience for that. 'Terrorism' depends entirely on who are the victims and who the victimisers. Moreover, these political detritus in the main have never condemned the genocide of tens of thousands of Palestinian untermenschen, nor the tsunami of torture, rape, child murder and destruction visited on the Gazans, but when it comes to histrionic arse-kissing of their Jewintern Bosses, they are all prima donnas assoluta of groveling.

Jim, the essence of Talmudic Judaism is murder. Killing is a Holy, ritual, act, for these monsters, and blood a sacred liquid, the spilling of which delights Yahweh. Bibi is an acolyte of the late, still dead, Menachem Schneerson who openly opined, as do most Talmudic 'sages', that Jews are a higher form of existence, with more 'precious' souls, than non-Jews. How can one be surprised by Judeonazi bestiality against the Palestinians, reaching a frenzy in Gaza, knowing that?

The world needed, long ago, to get the Zionazis under control. Not slaughtered-that is pure Judaism, and would be their final triumph, but protected while being forced to abide by International Law. Unfortunately, as the Jewintern captured the West through bribery, propaganda, blackmail, intimidation and slander, they have acted with impunity, their atrocities grown ever viler, their arrogance ever more pronounced and their power unprecedented. The ONE remaining obstacle to the Talmudic dream of global governance from Jerusalem is China, which they hate with a furious passion.

You missed the point. That being the hierarchies of motivation and needs. The key to prediction is the analysis of the physical assets, the populations, physical movements large and small, **and the persons, individuals who are the prime movers-their personalities and psychological constitutions.**

Ask General George S. Patton about it. **He will tell you that he studied the individuals who were his adversaries, like a clinical psychologists..** Therefore, any attempt to understand and predict Trump on the basis of immediate material gain is folly.t f

The most common and tedious mistake and repetition of so many people – including this author, one Hans Vogel – is oversimplification and wish fulfillment. Why is this so prevalent? Because in the modern age of visual media, crowding out the written word and extending reasoning and **meaning** through language, has declined and degraded by the substitution of MEMES AND NARRATIVES, which are nothing more than artificial sweeteners, and the outgrowth and tumor of the pursuit of public acceptance through simple, shallow, abbreviated, short handed cognition.

In plain language, the TRUTH and veracity backgrounded in favor of acceptance and agreement, crowd plaeasing, and appeal to emotion and affect over intellect. That's why people here write with bombast, extreme language, and – like a crappy rock band – substitute repetition and amplitute for quality, logic, and profundity and perspicacity.

It is an axiom that major events cannot be understood in their immediate aftermath, and we cannot be sure the end is near. The Israeli blood lust has a ferocity that is beyond the comprehension of non- Jews, and also of many, but not enough Jews.

The Gaza Genocide may be only the beginning since U.S. support appears unlimited,

with only brief intermissions to refurbish and resupply likely. The Israelis are only restrained by a shortage of manpower and a lack of resolve to fight a prolonged ground

war which they would lose. But, Gaza, Lebanon and Syria have revealed the Israeli plan

to use air power and U.S. bombs and missiles to annihilate the civilian population of their enemies, while avoiding direct confrontation with an opposing military.

It's audacious and it's criminal, a perfect complement to their madness. Only the U.S.

Government, an opposition movement in Israel or a heart attack can stop Netanyahu,

with the latter being the most tidy and quick solution to a messy problem.

Unfortunately, Israel has no scarcity of lunatics to replace him.

Franklin Roosevelt and his cousin, Teddy could trace their family back to Henry Howland, a Quaker, yeoman farmer who lived in Fenstanton, Cambridgeshire, England. About nine other Presidents and more than a million other Americans are descendants of Henry, Sr. and his wife Margaret.

Roosevelt is a Dutch family name and there were no Jews in the family lineage although FDR and Eleanor did have many Jewish friends and financial supporters who definitely were a major influence on them, not to mention the many Jews in his administration.

You keep talking about how horrible german were claimed to be, when in fact they were complying with international law to the fullest. If you actually wang to talk about how horrible german were, start to represent actual evidence of something that really happened.

What is funny here is that american and british keep telling how horrible monsters german were, but then they smuggled as many german scientists, doctors, businessmen etc. to the USA, UK and Canada that they could get their hands on. Same with bolshevik communists and japanese. They werent monsters and horrible people then it seems, as they were good enough for collaboration with the oh, so moral american and british.

American and british have been continuing human experiments since WW2 to this day. They still continue them in Ukraine, Georgia, Africa and numerous other areas in the world.

American and british have also always allied with the most sick fucks in the world, as long as it has advanced their goals.

And american and british are the ones who always lecture us about what is right and wrong, what is good and evil, about “western values”, “democracy” etc. It hasnt never been about any of that. It has been about power and resources. And people fall for it over and over again, when evil and criminal american and british start to lecture about “western values”, “freedom”, “democracy” etc. An american and a british can lie right at your face and and his face doesnt twitch even a bit. Yes, indeed.

I however wonder if you are ignorant about the Germans being portrayed as monsters by the Slavs. Slavs have not only – with great eagerness- swallowed the established narrative on WWII, but also internalised the omnipresent tales about the Germans being barbaric monsters since centuries.

@Common Time

It was just right that Roosevelt defeated two evil empires – Nazi Germany and fascist Japan.

Moreover, Japan at that time was a great friend of the Jews. In Japan, Jews were not persecuted. The Jews stood by the rise of Imperial Japan (Jacob Schiff and others probably don't need to be mentioned). A certain collision occurred only because at that time Japan coincidentally was an ally of the Third Reich. Otherwise, the Jews had nothing against Japan at all. So yes, Roosevelt acted correctly here.

The defeat of Nazi Germany and Imperial Japan was in the interest of all mankind. In the case of the fight against Japan, Roosevelt led the fight against the yellow peril for the European nations.

Or the clash of the white Christian USA against the yellow pagan Japan. The clash of the national USA against the devilish Japanese Empire.

And while we're at it, Roosevelt failed to prevent the Soviet Union from occupying half of Europe, he did succeed in preventing the Soviet Union from taking over all of Europe. If he had really been deliberately helping the Soviet Union, there would have been no Normandy landings at all. The USSR would have swallowed all of Europe without a problem. One of the goals of the Normandy landings was to prevent the Soviets from occupying all of Europe. And Roosevelt accomplished that goal.

By "surfacing" I presume you mean that people recognize it.

Recognizing reality is a basic evolutionary requirement for all life on earth. We're at the "top" only because we do it best with correctly applied logic and science.

But recognizing truth and accepting and acting in accordance with it are two different things.

Corrupt people may know the truth but lie or censor it to keep it hidden from those who they are planning to coerce.

This is the successful strategy for the global Zionist cabal. Look what they think they can get away with in Gaza.

We need to develop a real plan to defeat them.

All it takes for evil to succeed is for good men to do nothing. E.B.

Based on Max Blumenthal's courageous actions at scumbag Blinkens recent press

Found it:

Reigniting Violence: How Do Ceasefires End?

79% of all conflict pauses were interrupted when Israel killed a Palestinian, while only 8% were interrupted by Palestinian attacks (the remaining 13% were interrupted by both sides on the same day).

By Nancy Kanwisher, Walter A. Rosenblith Professor of Cognitive Neuroscience

“As shown in Figure 2, this analysis shows that it is overwhelmingly Israel that kills first after a pause in the conflict: 79% of all conflict pauses were interrupted when Israel killed a Palestinian, while only 8% were interrupted by Palestinian attacks (the remaining 13% were interrupted by both sides on the same day). In addition, we found that this pattern — in which Israel is more likely than Palestine to kill first after a conflict pause — becomes more pronounced for longer conflict pauses. Indeed, of the 25 periods of nonviolence lasting longer than a week, Israel unilaterally interrupted 24, or 96%, and it unilaterally interrupted 100% of the 14 periods of nonviolence lasting longer than 9 days.

You are lying. You do not know the history of Slavic nations at all.

Poland as a historical Slavic country has existed for centuries. Since the earliest times in medieval Europe. Long before Germany was unified and a unified German nation was formed.

Polish nationalism arose completely independently of the Jews and England and was, on the contrary, of an anti-Jewish nature (interwar Poland was among the most anti-Jewish states in Europe). Polish nationalism arose mainly due to the Poles. The English or the Jews had nothing to do with it.

Jews at that time, on the contrary, were among the main supporters of Germany and Austria (where Jews were part of the privileged ruling class, declaring themselves German or Hungarian) and of Great German chauvinism and imperialism. During WW1, Jews in Germany, Austria and Eastern and Central Europe massively supported the criminal German and Austrian war machine. Jews historically, on the contrary, were among the main enemies of the nationalism of the Slavic nations.

I think it mostly boils down to religious delusions on the part of American “Christian Zionist” dumbasses. These people don’t understand their own Bible — not surprising in a country where the average reading level is **sixth grade** (that’s a fact — look it up). There are millions of them, and they won’t stop supporting the modern state of “Israel” until they realize that they’re supporting today’s equivalent of the Pharisees whom Jesus condemned in the New Testament. Jesus referred to the Pharisees as hypocrites, liars, murderers, and the children of the Devil.

Jesus also makes clear in the New Testament that “Abraham’s children” are those who do God’s will, NOT simply those of a certain genetic lineage. If the latter were the case, then how would Jesus be able to condemn the Pharisees, who were physically descended from Abraham by Jesus’ own admission?

You don’t even have to believe in the Bible or religion in general to understand that Christian Zionists completely misunderstand the New Testament.

| Poland as a historical Slavic country has existed for centuries

False. The first unified state of “Poland” was created in 1918 by Woodrow Wilson, under orders from his Jewish masters in London. Historically, “Poland” was never the name of a unified state but simply a name applied to the barbarian wasteland surrounding German cities like Danzig and Breslau. This wasteland was populated by nomadic bands of tribal barbarian Polacks.

| Polish nationalism arose completely independently of the Jews and England and was, on the contrary, of an anti-Jewish nature

False. Polack nationalism was, from the very beginning, an Anglo and Jewish project aimed at using barbarian Polack terrorists to divide Europe and prevent German and Russian friendship and cooperation. Polack national “culture” was created whole cloth by Anglo operatives during the romantic era. This is why Polack “philosophy” of the time took on the exact character of Anglo philosophy: gay, feminist, liberal, pro-Jewish, etc. Because it was seeded and nurtured by Anglo patrons. Polack nationalism and culture is as manufactured as Zionism and their fake Jewish culture are.

Yes indeed and it is getting started! Wow, if only you knew Rob Mises how I've spent time and money to tell the truth that climate change is the work of God in relation to the pollution of sin and not the BS of Al Gore's stupid thesis of industrial pollution. I should have entitled my book How Great the Blindness because that's the truth of the matter when it comes to such a topic. Mortified though I have been and continue to be that I have to go up against the very Church herself which has bought into the lies of science and the politicians. I still remember that day so long ago now reading the morning newspaper and coming across this juicy morsel about climate change. What a sentence this is from them:

"We don't understand certain abrupt meteorological events that pop up now and then."

Like I suppose that hail rain windstorm that hit the city of Boston with such violence causing some game in the stadium to come to an end and people spectators running screaming for their lives for cover. I will never forget the look on the reporters face when she read the news glancing twice back down at her paperwork, huh what did I just report? This abrupt event occurred three days before 9/11? Coincidence? Hardly! Scripture explains that event this way:

"See, the storm of the Lord will burst out in wrath, a whirlwind swirling down on the heads of the wicked. The anger of the Lord will not turn back until he fully accomplishes the purposes of his heart. In days to come you will fully understand it clearly." (Jeremiah 23:19–20)

Weeks after as I analyzed all the things I have been watching I do believe some of the planners and murderers were in that stadium probably laughing at all of the Americans over what was about to happen to their country with the loss of the twin towers.

and then there was the Icestorm of 1998-1999. If one knew the scriptures in Job you would know that ice storm was from God and why was to prevent something far worse from occurring as I believe the twin towers were supposed to come down with the arrival of the millennium and not year later. They had planned something far more serious and diabolical.

I sat there mystified while screaming inside me, Eureka, I have found it!!!! and then writing my book on climate change excited that I found a great pearl of precious information while mystified as to how the world is so ignorant and blind to this subject and being led down the garden path by liars and thieves in Universities and Colleges!? You one of them? hmmm? Am I winning? Hardly! Because alas I'm not exactly one of you, a PhD with two or three earned degrees under my belt to gloat over! And one certainly should not buy into the BS that faith is blind because God

can be observed to exist BS. Carl Sagan where are you so I can bury you WHERE!!!! Hopefully screaming your head off wanting out of the chasms of hell!!!!!!!!!!!!

Certain abrupt events?

The biggest mistake America ever made when it comes to religion is not to have placed on its money In God We Fear instead of the nonsense of In God We Trust.

As if this nation trusts in God. That video interview certainly proves that! In fact the truth of the matter is this nation that was born In God We Trust has turned from that and trusts in every other thing that they have elevated above God. And woe to find talk of another try decide that the war mongers will try and achieve against Christ one has to wonder?

So thats me Mr. Misek trying to do my part!

‘...You don’t even have to believe in the Bible or religion in general to understand that Christian Zionists completely misunderstand the New Testament.’

Indeed. I suspect that (among other, less defensible motives) contemporary American Christian Zionism owes much to a yearning for a religious dimension to modern life.

Theology simply has nothing to do with Japan is our friend or not, or whether we should let in immigrants, or the dangers of drugs, or global warming, or much of anything else. But hey: you can express your religious zeal by supporting Israel! It’ll bring about the Rapture!

Of course the argument is flawed — but I can see the appeal.

Christians want a cause with a religious dimension. So they support Israel.

Israel doesn't produce much of interest to western markets unless you have a fish tank.

Stop separating Zionists from Jews and starve the cult altogether. Get the Electric Jew out of our lives and wallets. Cancel Netflix, start shaming porn users again, etc.

Jewish wealth is all held in trusts and other financial vehicles managed by banker Zionists who misappropriate their money to fund Zionist expansion regardless of client awareness or consent. Same exact thing Larry Fink does with misappropriation of our 401(k)s to sponsor ESG/DEI with our own money.

Disambiguating Jews from Zionists is what they want us to do, because it is a fool's errand. The money all goes to the same place. Do not give money to Jews of any alignment.

1) We are talking about interwar Poland. Not about the Polish-Lithuanian Commonwealth.

2) The insidious invasion of all of Europe and the commission of large-scale and brutal crimes against humanity by the Germans and Austrians. Including the genocide of the Slavs.

See "German war crimes" and "Austro-Hungarian war crimes":

[https://en.wikipedia.org/wiki/War\\_crimes\\_in\\_World\\_War\\_I](https://en.wikipedia.org/wiki/War_crimes_in_World_War_I)

I write about these things in the comment above in connection with Japanese war crimes during WW2.

Wrong ... Jootin had a hard on for Azeri oil and transit fees... didn't even whimper when the azeris shot down his pilot.... earlier the turks did the same, shot the pilot out of the sky and assassinated his ambassador... again barely a wimper.. but azeris are broadcasting all over the world (guess who helps them with that) over the downing of an airliner (possibly by ukrainian drones).... verdict is in... Putin is a chabad puppet dwarf...granted Pashynian is a soros horses ass... he should have launched those iskanders directly on baku oil infrastructure and brought on the war and cut the source of funds for the fake state of azerbaijan.. instead death by a thousand cuts from the azeri laudromat, zangezour corridor and other forms of bullshit..of course the Iskanders were likely disabled by chabbaddist putin

1) We are talking about interwar Poland. Not about the Polish-Lithuanian Commonwealth...

In *that* case...

The interwar Polish Republic was hostile towards all its minorities: Jews, Germans, Lithuanians, and Ukrainians. Indeed, Ukrainians perhaps got the worst of it. Not just relatively petty expropriations and discriminatory legislation, but villages literally being burnt, etc. Jews get the attention, but materially, others were worse affected.

A sympathetic commentator (Norm Davies?) wrote that the problem was essentially that a chauvinist vision of a purely Polish Poland was wedded to a geographically extensive Poland *that incorporated a whole lot of non-Poles*. One or the other could have worked. Both at once, no.

| I could know more of the history in question,

False. You are too stupid to study history, so there is little possibility that you could potentially know more than the nothing you know right now.

| but I'm pretty sure you're wrong.

False again.

| Poland would be one of the more legitimate nations of Europe — and has been for more than a thousand years now

Again, false. Show me a unified Polack state that existed before 1918. You can't because none existed.

| See the Polish-Lithuanian Union

This was not a unified state. It was a wasteland of disunified Polack and Baltic barbarian tribes. Calling this an example of a Polack state would be like calling the native American tribes that occupied North America the “America Indian union” or something like that and claiming that it was an Indian state.

| Such a Roman Dmowski (anti-Jewish himself), the father of Polish nationalism, had nothing to do with Jews and England

Nonsense. He was an agent of Britain. He was given various honors in Britain and the British openly backed him in creating the fake state of “Poland,” for the explicit purpose of dividing Germany and Russia, as I already stated.

| You suffer from arrogant ignorance, combined with hatred towards Slavs

“Slavs” are not a coherent group. Polacks in specific are the enemy of most other Slavic groups, such as Russians, because Polacks throughout most of history have only ever been brainless tools of Anglos, Jews, and Americans.

The only time Polacks have ever been worth a shit in all of history was during communism, since the Russians civilized them.

You are lying again. The Polish-Lithuanian Commonwealth was a unified state. Just like the previous kingdoms and principalities of Poland. There was a unified Polish state and a unified Polish nation. Long before there was a unified Germany, which at that time was a divided feudal principalities. That is a fact. You cannot change this fact by lying.

The Slavs are one ethnicity. The fact that there are quarrels among the Slavs does not change that.

Dmowski was not an agent of England, but on the contrary an opponent of the English government. An opponent of the British Prime Minister Lloyd, who was a great opponent of the restored independent Slavic states.

The local neo-Nazi “American patriots” have revealed themselves beautifully here again. They play at being “American patriots”, but they spit on the memory of the heroism of the American people in WW2. On the heroism of the brave American soldiers who died in WW2 for the freedom of the American people and all of mankind.

By the way, for many old white American nationalists and patriots, the fight against the yellow peril was important. Against the Asian threat. The Asian threat, at that time represented Imperial Japan. At that time, many American patriots also opposed massive Asian immigration. And many good American patriots (white American nationalists) opposed the devilish evil embodied by Japan. Among them was Franklin Delano Roosevelt, who was a true white American nationalist. A true conservative American patriot. The true father of the American nation.

This is also what Americans (white Americans) fought for in World War II – to destroy this terrible evil in the form of the Japanese Genghis Khan hordes. A true holy crusade for Americans in the fight against the Devil himself (that's exactly how FDR understood it).

The fact that today's neo-Nazis are siding with these Japanese Genghis Khan hordes, instead of the white Americans, their own people, in this war, is truly shameful. A real shame. They are a real shame to the European people.

What, another neo-Nazi lover of Japanese Asian hordes? Exposing your neo-Nazi stupidity will not help you in any way.

And just by the way, for your information, Roosevelt was a supporter of Christian white America. White and Christian homogeneity of the USA. As for the dispute with the British Empire, it was only a dispute over power influence. Similar to the dispute between England, France and the USA with Russia in the past before 1917. Nothing more. This did not contradict Roosevelt's vision of defending white USA. With his policy of European nationalism.

By the way, your great "defender of the white race" Adolf Hitler made a pact with the Japanese – the real hordes of Genghis Khan, who drowned half of Asia and part of Oceania in rivers of blood and massacred millions of people, including many white Europeans. Well, Hitler, a great friend of the Japanese Genghis Khan. This neo-Nazi propaganda is so idiotic it hurts.

“So why the rabid Trump hate? ”

I have always lived by a very simple rule when it comes to politicians. I apply this rule to politicians who I refuse to vote for and also to politicians that I have voted for. Care to know what that rule is?

It's this: Never fall in love with ANY politician. And, here is another rule that I have: Scrutinize every word that comes out of their mouth and compare what they say with what they actually do.

As for your strange accusation that I am a rabid Trump hater, I think you are confusing what was a perfectly accurate, objective assessment of the guy's character and personality traits – with the TDS that infects leftists. I am most definitely not a leftist. I am hard core right winger who views Trump and any other politician who pretends to be pro-MAGA through a critical lens that does not ignore the presence of inconsistency or negative character traits.

In other words, like millions of other savvy American voters – I have a strong dislike for Trump's personality, but I do like some of his policies, assuming he doesn't renege on his promises again like he did the last time he was in office.

Oh, and any politician who licks the ass crack of Israel with the kind of nauseating enthusiasm as Trump does deserves to be held in complete contempt.

Yeah — but this is like objecting to birds that fly and have feathers. To fly, they have to have feathers, and in general, the freedom of a politician to refuse to grovel to Israel is very limited. For most, to do so means that they will shortly cease to be a politician. The list here is impressive.

That's extremely regrettable, and I make a point of congratulating any who at least show signs of reluctance, but there it is. If Trump *hadn't* groveled to Israel, he wouldn't be President.

It's like choosing leaders for Vichy France. Any that don't support Nazi Germany can't be leaders. So would you rather have Laval or Darnand? And in this case, it was worse: Trump or a truly brainless nincompoop.

As has always been the case, Trump is the worst choice — except for all the alternatives.

For one, you don't know what the Russians did in reprisal for the shooting down of their pilots by Turks. For two, if I were Putin, I would have said to Armenians to either depose Pashinyan or get lost. The Armenians got exactly what they voted for. There are no feelings in international politics, mature people don't act on impulse. There are objectives and there is the national interest. So far, with the exception of the covid episode – but I think there is justification for it -, I haven't seen Putin making one single conscious decision that goes against the Russian national interest. I am not even a Putin shill, I loathe his support for the Serbian president Vučić and I definitely dislike some authoritarian aspects of his rule but I grant him that he acts with the Russians' interest in mind.

Indeed. And if you were going to argue with Christian Zionists, I’d suggest taking that line. That state that calls itself ‘Israel’ is an abomination, the opposite of the fulfillment of Christ’s promise or whatever (you tidy up the theology).

But the point is that they want and need some aspect of external reality to have a religious dimension. Hence the attraction to Christian Zionism.
